Three-Nation Force Patrols Cyprus Areas

By ALEX EFTY

NICOSIA, Cyprus (AP) — A three-nation force under British command began patrolling the streets of Nicosia today in an effort to restore peace between the warring Greek and Turkish Cypriot communities.

Only occasional shots disturbed a cease-fire on the seventh day since the outbreak of communal strife in the capital of Cyprus.

The government of Archbishop Makarios, Greek Cypriot president, appealed for public cooperation with the joint Greek-Turkish-British patrols "so that the task of the forces in assisting in restoration of law and order may be more effectively achieved."

The latest eruption of fighting in the long antagonism between the Mediterranean island's Greek majority and Turkish minority aroused growing international concern.

Cyprus asked for a meeting of the U.N. Security Council, charging Turkey with aggression and use of force. Turkey denied the charges.

Britain ordered 1,000 infantrymen flown to Cyprus to reinforce the 10,000-man British garrison, who are mostly Royal Air Force personnel untrained for street fighting.

From his ranch in Texas, President Johnson appealed to Cypriots to make any sacrifice to end "this terrible fraternal strife." He also promised "to support any and all actions" by Britain, Greece and Turkey to achieve peace.

The conflict also caused deep concern at the headquarters of the North Atlantic Treaty Organization in Paris. Both Turkey and Greece are NATO members. An open breach between them over Cyprus would weaken the alliance's eastern flank. NATO's permanent council met Christmas to consider the crisis.

In addition to the British troops, there are 950 Greek soldiers and 650 Turkish troops on the island under the 1960 treaty granting Cyprus independence from Britain.

Since a Christmas Eve ceasefire, the fighting has simmered down to infrequent bursts of shooting.

Turkey and Greece became directly involved in the dispute when their troops, stationed at adjoining camps outside of Nicosia, moved into the capital Christmas Day. The Greeks said they took up positions in the Greek quarter after Turkish troops went into the Turkish quarter.

Fighting began when a Greek Cypriot police patrol halted some Turkish Cypriots. Each side accused the other of firing first.

Although 80 per cent of the Cyprus population is of Greek origin, the island is only 40 miles off Turkey, which has a long claim on it.

The current trouble stems from Makarios' recent proposals to change the Cyprus constitution to strip the Turkish community of its veto rights on legislation.

Van Cliburn Will Play For Erhard Barbecue

By FRANCES LEWINE

JOHNSTON CITY, Tex. (AP) — President Johnson is planning to blend music and menu to help West German Chancellor Ludwig Erhard feel at home on the LBJ Ranch this weekend.

The President has asked pianist Van Cliburn, a pride of Texas, to play music of German composers at an indoor barbecue.

The piece de resistance of a luncheon after Erhard's arrival Saturday will be a Texas-German chocolate cake cooked up from a recipe brought to the Lone Star State by German pioneers in the early 1800s.

The First Lady and her staff are turning from Christmas festivities to arrangements for a weekend of work and Texas hospitality.

The President's comfortable, pine-paneled ranch office, where the family Christmas tree stands, is being turned over to Erhard and his staff.

The gathering U.S. staff will be housed in guest houses.

The two ranch living rooms, one with a huge hooded fireplace, will serve as conference rooms.

The State Department in Washington is sending along German flags to fly at the ranch

and along the route to surround-ing towns Erhard will see.

Mrs. Johnson was busy working with a Fort Worth caterer, who will put on the barbecue Sunday in the gymnasium of Stonewall School, in the tiny community near Johnson's birthplace.

The menu for 400 guests was to be barbecued beef, ribs, hickory gravy, ranch beans, sourdough biscuits, German potato salad, Texas coleslaw, hot fried pies and coffee.

The meal was to be served Western style from chuck wagons to tables, with red checkered cloths and lanterns.

Mrs. Anderson Of Red Wing Envoy There

VIENNA (AP) — Anti-American demonstrators using icicles and ice chunks from the street smashed all windows on the first three floors of the U.S. legation in Sofia, Bulgaria, today. The demonstrators overturned four American cars outside.

In Washington, the U.S. government said it planned an immediate protest to the Bulgarian government which recently had been warming its relations with the United States.

Reports reaching here by telephone from the U.S. legation mentioned no casualties among the legation staff.

The Bulgarian news agency BTA said the demonstration was in protest against alleged U.S. employment of a former Bulgarian diplomat, Ivan Asen Christof Georgiev, as a spy.

"The demonstration was of university students and young people who expressed their indignation at the traitorous activity of the spy," BTA said.

Georgiev, No. 2 man of Communist Bulgaria's U.N. delegation from 1959 to 1961, pleaded guilty before Bulgaria's Supreme Court Thursday to spying for the U.S. Central Intelligence Agency. He implied that he expected the death penalty.

The legation spokesman said he felt Bulgarian police "took their time" in getting to the legation to drive off the demonstrators. He pointed out that a militiaman is stationed in front of the building at all times and has a telephone with which to summon aid if needed.

He said the demonstration began shortly after 11 a.m. but the police did not arrive until 11:45. Then they slowly began to force the demonstrators away.

By 12:15, the spokesman said, the situation appeared under control, and the crowd had been driven to the ends of the street on which the legation is located.

But "the demonstrators are still down the street and we think it would be unwise for any American to try to leave," he added.

The spokesman said a protest would be made to the Bulgarian Foreign Ministry. The American minister, Mrs. Eugenie Anderson, is in the United States.

It was the first Bulgarian demonstration against the United States reported in almost two years.

On April 19, 1961, hundreds rallied in front of the legation to protest the Bay of Pigs invasion of Cuba. They hurled stones at the building and smashed windows.

In recent months Bulgarian Communist leaders have repeatedly hinted they would like better relations with the United States.

2 American Airmen Drown In England

LONDON (AP) — Two U.S. airmen drowned Thursday night when their car plunged into a canal 65 miles north of London as the winter's thickest fog enveloped Britain.

The Americans' car swerved off a traffic circle into the canal at Mildenhall. There was fog in the area and roads were icy.

Killed were Airman I.C. William McFarland, 22, of Hartsfield, S.C., and Airman I.C. Thomas Franklin, 20, of Ryder, N.D., both stationed at nearby Lakenheath Air Base.

McFarland is survived by his widow, Gloria, and Franklin by his widow, Dianne, and three children.

Britain was counting its highest Christmas highway toll in four years with at least 94 dead and the count still incomplete. Fog, ice and reckless driving were blamed for the accidents.

Nixon Stock Zooms Since Assassination

By REILMAN MORIN

A.P. Special Correspondent
Richard M. Nixon's 1964 presidential stock has skyrocketed since President Kennedy's death while Sen. Barry Goldwater's has fallen sharply, a second poll of Republican county chairmen indicates today.

But Goldwater again led all potential nominees.

The poll, taken by Associated

Press correspondents in all 50 states, brought replies from 1,361 GOP leaders, a majority of whom also participated in a poll in October.

Although still in front, Goldwater's vote was only about half the spectacular total he rolled up in the AP's October poll. Then, 85.1 per cent of those participating named the Arizona

senator as the party's "strongest candidate" against Kennedy. His figure in the second poll was 44.2 per cent.

Nixon, vice president under President Eisenhower, showed the greatest gains and ran second to Goldwater.

Henry Cabot Lodge, ambassador to South Viet Nam — barely mentioned in the October poll — was third, finishing ahead of New York's Gov. Nelson A. Rockefeller, only announced candidate for the nomination.

Those queried included some members of the national committee and city and town leaders. Two questions were presented:

1. "On the basis of present conditions, in light of the death of President Kennedy, whom do you consider the strongest can-

2. "Whom do you think the party will nominate?"

Results of the two surveys were:

New Iron Range Near Hutchinson

MINNEAPOLIS (AP) — Minnesota may possess a heretofore undiscovered iron range in the central part of the state near Hutchinson and just 60 miles west of the Twin Cities.

Magnetic tests show a U-shaped formation, known in geological terms as an anomaly, at the north edge of Hutchinson. Paul K. Sims, director of the Minnesota Geological Survey, told a news conference Thursday.

The possible iron-bearing formation extends northward from McLeod County into Meeker County for some three miles, with width of the anomaly varying from one to two miles.

Sims said the magnetic anomaly has gone undiscovered previously because it is deeply buried under some 400 to 500 feet of shale and sandstone deposits and glacial drift.

The area is about 100 miles south of the Cuyuna iron range, which produces from 50 to 55 per cent iron. Prof. Sims said it is possible that if the McLeod County anomaly is an iron formation, the ore may be the same type as the Cuyuna ore.

A new iron range would have significant implications for the future, since Minnesota's northern ranges are pretty well worked out of high grade ore. The emphasis there is now on taconite plants, which process low grade ore into small pellets.

An aerial survey of the McLeod area was made in the fall of 1961 by the U.S. Geological Survey in cooperation with the Minnesota survey. A follow-up ground magnetometer survey in parts of McLeod, Wright, Meeker, Carver, Sibley and Renville counties in the summer of 1962 formed the basis of the report by Sims and a fellow geology instructor, George S. Austin of St. Thomas College.

Sims said the most promising areas in the anomaly lie in the vicinity of Hook Lake and Lake Emily, three miles northeast of Hutchinson.

Sims emphasized that no core drillings have been made. He said such tests need to be made before any predictions can be made about the existence of commercially profitable iron deposits.

"Prospecting would be warranted in the entire area between McLeod County and the Cuyuna Range," he added. That area extends through Meeker, Stearns, Todd and Morrison counties.

\$40 Million Wheat Sale to Russia OK'd

By LEWIS GULICK

A.P. Diplomatic Writer

WASHINGTON (AP) — The Commerce Department has issued conditional licenses for sale of \$40.6 million of wheat to Russia—but whether there will be a deal remains to be seen.

The two licenses—for \$20,320,000 each—were issued Thursday to two unnamed American firms.

The permits allow the sale of the U.S. grain provided various conditions are met. These conditions, under announced U.S. government policy, include stipulations on financial and shipping terms.

If the Soviet Union agrees to these terms, then the two U.S. companies have permission to go through with the sale, a Commerce Department spokesman said.

Nearly three months ago, the late President John F. Kennedy gave the green light to proposed private sales of U.S. wheat to Russia. Soviet negotiators, however, have been balking at the American terms.

The Russians have objected particularly to the U.S. requirement that part of the grain be shipped on U.S. vessels, whose rates are higher than those of foreign shippers.

The U.S. traders who applied for the licenses were said to have indicated that the Russians were proposing to pay cash. This would appear to rule out complications over extending credit to them, although the licenses did not specifically require cash.

The shipping requirement has been the bigger stumbling block in the lengthy wheat discussions. The Soviets reportedly have not made much ado about demanding credit.

If the sales go through, they could be a forerunner of even bigger shipments.

The Soviets have shown interest in buying a total of some \$250 million of U.S. grain.

Living Costs Up in November

WASHINGTON (AP)—Living costs, as measured by the government, rose two-tenths of one per cent in November to a new high.

The Labor Department reported today that the increase resulted mainly from higher housing and food costs, although prices of many other goods and services also advanced.

The November consumer price index, at 107.4 per cent of the 1957-59 average, was 1.3 per cent above a year earlier.

The figure means that consumer items which could be bought for \$10 in the 1957-59 period now cost \$10.74.

Food prices, which usually decline in November, increased 0.2 per cent.

Johnson Studies Foreign Affairs

By FRANK CORMIER

JOHNSTON CITY, Tex. (AP) — Foreign affairs dominated President Johnson's activities today as he keeps watch on the Cyprus crisis and prepares for talks with Chancellor Ludwig Erhard of West Germany.

Erhard is the first major European leader to hold full-scale

talks with the new American President. He flies in to Houston this afternoon and begins two days of conferences at the LBJ Ranch Saturday.

Summoned to the holiday White House in the Texas hill country today were half a dozen Washington officials including Secretary of State Dean Rusk, Secretary of Agriculture Orville L. Freeman and John A. McCone, director of the Central Intelligence Agency.

McCone's mission was described as a routine one to brief the President on developments abroad — on Cyprus and elsewhere. From Rusk, Johnson was to hear about Cyprus and the two-day Erhard visit that begins Saturday.

Freeman was assigned to help Johnson discuss farm trade problems with the new German chancellor.

Foreign affairs have held a priority position in Johnson's official routine since Thursday afternoon.

He created then a nine-man governmental committee to make a hurry-up study of the beleaguered foreign aid program and recommend basic structural changes.

The holiday White House made public a series of personal messages in which Johnson appealed for a quick halt to "this terrible fraternal strife" between Turks and Greeks on Cyprus.

In letters to Archbishop Makarios, president of Cyprus, Vice President Fazil Kutchuk, and President Cemal Gursel of Turkey, Johnson pledged complete support for any reasonable action to halt the Cypriot bloodletting.

The Foreign Aid Committee, headed by Undersecretary of State George W. Ball, was given until Jan. 15 to look at aid programs, economize, simplify and strengthen them.

Erhard's Texas talks are expected to range from trade and European Common Market problems to West German misgivings about Western negotiations with the Soviet Union.

Statue Found In Subway

NEW YORK (AP)—How did a life-size statue of St. Anthony, to whom many people pray when they've lost something, happen to be found in a Manhattan subway station?

The Transit Authority got an answer Thursday night.

Etienne Agnan, a Italian, said he had done statue repair work at St. Theresa's Roman Catholic church in Manhattan. Church officials, pleased with his work, gave him the statue.

He said he headed for the subway, but realized the statue was too big for a subway train. He left it on a mezzanine while he went outside to seek other transportation.

Before he returned, transit officials ordered it taken away. Agnan will get it back.

Union Presses Johnson to Pick Rabinovitz

MILWAUKEE (AP) — The Wisconsin AFL-CIO has urged President Johnson to give favorable consideration to the appointment of David Rabinovitz of Sheboygan as U.S. District Court judge for western Wisconsin.

John Schmitt of Milwaukee, state director of labor's Committee on Political Education, said Thursday a telegram backing Rabinovitz was sent to the President within the last 10 days.

The appointment, made by the late President John F. Kennedy, has stalled in the Senate Judiciary Committee. If action on it is not completed before Congress adjourns, the nomination will expire. President Johnson will be required to make a new one, and could select Rabinovitz.

Schmitt said that as a result of a poll by the Wisconsin Bar "we're for Rabinovitz more than ever. The poll was unfair. It did not give Rabinovitz a chance."

NASON ON EDUCATION

Going Back To College

By LESLIE J. NASON, Ed. D. Professor of Education University of Southern California

Dear Dr. Nason:

I am a farm wife, 27 years of age, with three children, ages 6, 3 and 2. After serious thought and with my husband's approval I have decided that when my youngest son enters school, I want to return to college and get my degree. I would then like to become a secondary school teacher.

I majored in English and history and maintained an A/B average for two years. Many have commented on my patience with children and I am sure I would make a good teacher. However, cost of the two additional years of college presents a problem. What help is there for me?

Mrs. H.G., — Ill.

Answer: I do not recommend full-time

college for the mother of three school-age children, but suggest that you start taking courses, starting with one at a time and increasing the load as you see your way clear.

Preparatory courses for teaching, taken while you are rearing your family, will prove profitable and interesting. The combination should make you an excellent teacher when the time comes. Don't push it too fast.

Dear Dr. Nason:

My parents want me to go to college and I want to go, too, but I don't know yet what I want to be. I am a sophomore and very interested in outdoor life activities such as fishing, hunting, plants and soil, and have a B average.

Would a college major in these outdoor life activities prepare me for a job in the Conservation Department of our state?

K.J., Old Bridge, N.J.

Answer: Work of a conservation de-

partment is based upon a sound background of science. Write your state department of conservation or search the catalogs of your state colleges for information regarding preparatory work for a job in this field. Humboldt State College in California specializes in forestry and conservation. Students expecting courses in hunting and fishing, or the like, are rudely awakened by the seriousness of the scientific background they must acquire.

Dear Dr. Nason:

My son, a high school graduate, has an opportunity for a job doing the very thing that has always been difficult for him — reading aloud. Can you give him a helpful suggestion?

Mrs. K.L., Crestview, Fla.

Answer:

Your son's reading aloud is affected by the worries and pressures regarding it that have built up over the years. These must be minimized. I suggest that he practice reading a single article over and over. Each time he reads it he is to concentrate on a different element — correct enunciation, emphasis rhythm, etc.

As he becomes more proficient his mind will be filled with plans of how each new article should be read. These plans will drive back the fears and allow him to be a good reader.

Rochester Tax Rates Up, Still Under Winona

Real and personal property tax mill rates in the city of Rochester increased 8.5 percent from 1963 until 1964, but they still are slightly lower than those in Winona.

According to figures released by Olmsted County Auditor Ross Browning, the homestead mill rate in Rochester next year will be a record 250.8 mills. The nonhomestead rate of 259.72 mills also will set a record.

COMPARABLE FIGURES for the city of Winona, released last week by Winona County Auditor Richard Schoonover, are 253.48 for homestead and 262.40 for nonhomestead property.

Last year's mill rates in Rochester were 231.14 for homestead and 239.68 for nonhomestead property. This, too, was lower than levies in Winona, where the homestead mill rate was 239.70 and the nonhomestead rate was 248.24.

Taxes in the city of Winona increased 6.5 percent from 1963 to 1964.

A person owning a \$12,000 house in Rochester and living in it, thus qualifying for the homestead rate, will pay \$250.80 in property taxes in 1964. This is arrived at in the following way: The assessor takes one third of the market value of the house — \$4,000 in this instance. This amount is the fair and true value.

For the homestead rate, the assessed valuation of the house is 25 percent of the fair and true value — \$1,000 for the house in question. That is the amount on which the property taxes are paid.

A WINONAN owning and living in a house with the same market value will pay \$253.48 in property taxes — \$2.68 more than his Rochester equivalent.

This assumes that a house here would have the same market value in Winona; however, it might be higher there.

Broken down, Rochester's mill rate next year includes 115.79 for schools; 84.61 for city funds; 42.18 for county funds; and 8.22 (homestead) or 17.14 (nonhomestead) for the state.

Comparable figures in Winona are 80.47 for schools; 106.36 for city funds; and 58.43 for county funds. State fund levies, of course, remain the same.

The rural Olmsted County levy will be 44.69. It is greater than the county levy for city residents because the city levies separately for such services as health and library in its own budget.

OLMSTED COUNTY'S rural communities will levy as follows on nonagricultural property: Byron, 54.11; Chatfield, 80.70; Dover, 69.12; Eyota, 87.67; and Stewartville, 53.60. Subtract 25 mills from these figures to arrive at the levy for agricultural property.

Township levies in Olmsted County range from a low of 7.64 mills in Cascade Township to a high of 35 mills in Salem Township.

Nelson Firemen In New Station

NELSON, Wis. — A new fire station has been occupied by the volunteer department.

The block building has two stalls with overhead doors having direct access to Highway 35. A truck and water wagon are housed in the structure. Previously, firemen kept equipment in a former garage building across the street.

Liturgical Decree Becomes Effective On February 15

The liturgical decree, giving the Catholic churches of the world an opportunity to use the native language in services, becomes effective world-wide Feb. 15.

The decree will not change any of the Catholic services in the States until the bishops meet in the spring to agree on a uniform translation from Latin to English. No date has been set for the spring meeting.

Chief of Police Plans to Resign

Chief of Police George Savord told the Daily News this morning that he will submit his resignation to the Board of Fire and Police Commissioners at the board's regular meeting at 4 p.m. today at City Hall.

Savord said the resignation would be effective Feb. 1 if accepted by Commissioners. He was appointed chief of police Sept. 15, 1959.

The board held an executive meeting last Saturday at a local bank. The press was barred.

He did not give a reason for the resignation and said that his future plans are indefinite.

On his appointment Chief Savord was given the responsibility of reorganizing the department, initiating a juvenile division, retraining personnel and restoring facilities and equipment when hired.

During his tenure, Savord has been active in police organizations, state and local. He is president of the South-eastern Minnesota Chiefs of Police Association, a member and former executive officer of the Minnesota Chiefs of Police Association and a member of International Association of Chiefs of Police and Minnesota Police and Peace Officers Association.

Savord, who replaced Chief A. J. Bingold, is 34 and was born at Ladysmith, Wis. Jan. 1, 1929.

He received a bachelor of laws degree from Blackstone School of Law, Chicago, in 1956. Prior to becoming police chief here, he was a lieutenant in the Island Park, Minn., police department.

His law enforcement experience started while he was in the Air Force. Savord was director of security for a Minneapolis supermarket chain in 1957.

Police Report Three Accidents

A collision at West 5th and South Baker streets at 4:39 p.m. Thursday resulted in more than \$300 damage to the two cars involved.

The cars were driven by Emil J. Urban, 1271 W. 2nd St., and Ralph W. Winder, 350 W. 5th St.

Mr. and Mrs. Donald Winder, 350 W. 5th St., were passengers in the Winder car. Mrs. Winder complained of pain following the accident.

Police said that Urban was driving north on South Baker and turned left onto 5th when his car was struck by Winder's car, which was traveling east.

Damage was more than \$200 to the Winder car and more than \$100 to Urban's car.

A minor hit-and-run accident occurred in the post office parking lot on West 5th Street Thursday.

Police reported \$25 damage to a parked car owned by Gerald E. Swanson, 717 Harriet St. The damage was to his car's right rear bumper. The accident was reported to police at 7:55 a.m.

Damage of more than \$100 to each of two cars resulted from a traffic accident at East King and Hamilton streets at 10:20 a.m. today. Police said George Kostner, 22, 679 W. 4th St., was driving south on Hamilton Street and Arnold Seitz, Cascade, Iowa, was traveling east on King Street when the cars collided.

Ex-Lanesboro Man Promoted

LANESBORO, Minn. — A former manager of the Federal Land Bank Association of Lanesboro has been elected assistant vice president and regional manager of the Federal Land Bank, St. Paul.

Arnold Eilts, Northfield, succeeds L. L. Nelson, who is retiring at the end of December. Eilts, who was manager here three years, went to the St. Paul office from Lanesboro and had been serving as associate manager since 1959.

He began his Land Bank work as an appraiser in 1952 while serving at Pennington, Wis. He is well known there as a former veterans agriculture instructor. In his new assignment he will have charge of operations of Federal Land Bank associations in Minnesota, which initiate and service farm mortgage loans.

3 Skating Rinks Open at Arcadia

ARCADIA, Wis. (Special) — Two ice skating rinks flooded by street department crews now are open.

One rink is on the tennis court adjacent to the swimming pool on the west side of town, the other in Fairfield Park in the Fairfield Addition on the hill in the east part. Both will be maintained by the street department.

A third rink, maintained privately by John Ilmsted, is in use on River Street.

Letter for Formosa Turns Up in Newark

NEWARK, N.J. (AP) — A letter sent from South Korea intended for someone in Formosa turned up in Newark.

Postal clerk James Chin, who reads Chinese, said the letter was sent from Seoul to Taipei. How the letter got to Newark during the Christmas mail rush is a mystery.

Damage Exceeds \$300 in Crash In Goodview

Two Goodview motorists were involved in a traffic accident at 43rd Avenue and Service Drive in Goodview at 3 p.m. Thursday, according to Sheriff George Fort.

They were Milton J. Knutson, 872 43rd Ave., and Mrs. Gerald Northrup, 20, 820 47th Ave., Sheriff Fort said.

Fort said that Knutson was driving south on 43rd Avenue and started to make a left turn onto the Service Drive when his car was struck by the Northrup car.

Mrs. Northrup was traveling west on Service Drive and was unable to stop because of icy conditions, said Fort.

Damage was about \$200 to Mrs. Northrup's car and about \$100 to Knutson's.

Trial Delayed In Beer Case

Alvin Ronnenberg, owner of Garvin Brook Tavern, the Archers, was granted a continuance in municipal court today. He is charged with selling beer to a minor.

Judge John D. McGill set the trial for Thursday. He said that this would give Ronnenberg an opportunity to consult with an attorney.

Sheriff George Fort claims that Ronnenberg sold a six-pack of beer to a 16-year-old rural Utica youth Dec. 10.

The defendant pleaded not guilty to the charge last Friday and posted \$100 bail. Judge McGill had scheduled the trial for today.

Ronnenberg was arrested at his tavern at 4 p.m. Dec. 19. Richard Darby, assistant county attorney, appeared in behalf of the state today.

Ill Watkins Pilot Lands Plane Safely

J. L. "Jack" Ollom, chief pilot for Watkins Products, Inc., who became ill Thursday morning while flying two company executives to Peoria, Ill., was reported resting comfortably in a Rockford, Ill., hospital this afternoon where he is under observation.

Ollom was piloting the firm's twin-engine Cessna-310. On board were Howard Blackwood, assistant advertising manager, and John Barrett, Illinois district manager.

Feeling ill, Ollom called the Rockford airport where he made what his passengers termed a perfect landing, and was taken by ambulance to a hospital. Mrs. Ollom, 1st Ward alderman, drove to Rockford Thursday afternoon to be with her husband. The family lives at 1714 Gilmore Ave.

Closed Lunch Hour to Begin At Spring Grove

SPRING GROVE, Minn. — Beginning Jan. 6, all students in grades 7-12 at the Spring Grove school will be required to eat lunch at school or carry their own lunches except when excused to eat elsewhere at their parents' request.

The lunch period will be cut to 20 minutes, permitting buses to leave 20 minutes earlier, or 3:30 p.m., so students get home before total darkness in the winter.

Other reasons were given by the school board in deciding on the closed noon hour. Grade students on buses won't have to wait for school in the morning — it will start at 8:30 — nor when going home at night. The athletic program can start earlier in the afternoon, permitting the completion of all practice by 6 p.m. The noon hour problem on Main Street will be eliminated. There will be less congestion of traffic on the streets and highway 44.

The new schedule will shorten the school day, which now is one of the longest in the conference.

Rushford Masons Install Kjos

RUSHFORD, Minn. — Robert Highum and Ted Robertson installed officers of Mystic Star Lodge 69.

New officers are: Arvid Kjos, worshipful master; Harley Larson, senior warden; Myron Larson, junior warden; Henry Vitse, secretary; Robertson, treasurer; Emmons Kjos, senior deacon; Frank Daniels, junior deacon; Alvin Bakke, senior steward; George Grover, junior steward; Frank Haslerud, chaplain, and Peter Severud, tyler.

Cold's Back Again For Rest of Year

Winter weather, fanned by a chilly and brisk northwest wind, returned to Winona and vicinity today.

The temperature, which had been as high as 45 on Christmas Day, dropped to 12 this morning and was 11 at noon. High Thursday afternoon was 32.

Birders Plan Sunday Count

Members of the Hiawatha Valley Bird Club of Winona and other interested birders will conduct the area's annual bird census Sunday.

The count will be made in most of the locations having a normally high bird population within a 7½-mile radius from headquarters at Lake Park Lodge.

Route assignments, which include a segment of Wisconsin, will be made by the club's field trip chairman, Francis Voelker, beginning at 7:30 a.m. The census will end at dusk when all reports from counting teams will be filed.

For the first time this year there will be a dinner for participants after the census. This meeting will be at the Oaks, Minnesota City. In addition to reports on results of the census there will be two movies shown. One is a National Audubon Society production on the bald eagle, a winter resident of the Winona area and the other a film on birds found in New Brunswick, Canada.

The bird census is taken each year throughout the United States and Canada to determine changes in bird population, trends in winter habitat and migration, and obtain other information.

An estimated 700 bird clubs and informal groups will participate in this year's census.

Nurse Aide Course Planned at Osseo; Pledges Requested

OSSEO, Wis. — Donald L. Fischer, administrator of Osseo's municipal hospital and nursing home, announced plans for a five-day instruction and training course for persons who have applied for nurses aide positions.

It will be given free to applicants at the hospital Jan. 20-24 from 9 a.m. to 5 p.m. From the persons attending, selection will be made of those best qualified to provide an efficient staff for the nurses and patients.

The connecting buildings — 30 beds for the hospital and 40 for the nursing home — are nearing completion, with the target date Feb. 1.

Osseo and area were asked to contribute and pledge some \$100,000 toward the building and equipment. As completion nears, directors are asking that unpaid pledges be paid.

Fire Victim Discharged By Hospital

The woman who suffered first and second degree burns early Monday morning in the fire at Reinarts Art Glass Studios was discharged from Community Memorial Hospital Thursday.

Mrs. Lillie Moore Burleson, 53, left the hospital late in the morning and now is staying with her daughter, Mrs. Robert Gavin, 720 E. 3rd St.

She received burns to both arms, the left side of her face and both legs in the fire which reportedly began in the bathroom of the apartment over the studio.

Mrs. Burleson, her two sons and Timothy Morris, 2½, were asleep in the apartment when the fire broke out. Mrs. Burleson rushed the boys out of the apartment and stayed to fight the fire.

Reportedly she later left the burning apartment, but returned to find young Morris. She thought the boy had not left with her sons. It was during this second encounter with the fire that she was burned.

Donations for Mrs. Burleson and her family now total \$422. One Winonan said he would donate a like-new mattress.

Osseo to Vote On High School Project Monday

OSSEO, Wis. (Special) — Voters of the Osseo School District will vote Monday at 9 p.m. on whether to authorize borrowing money for construction of a proposed \$615,000 addition to Osseo High School.

The figure includes equipment. An informational meeting will open at 8 p.m. Electors in a straw vote Dec. 12 favored the addition 122-22. Monday's election will be the official vote.

The project would provide six classrooms, plus specialized areas for industrial arts, music, kitchen, cafeteria, multi-purpose room, physical education, team lockers, and extensive remodeling of the present building to meet expanded educational needs.

In the present building increased library space would be provided; the present kitchen and storage would be remodeled into a classroom for mentally handicapped elementary children; a classroom would be made into a biology laboratory; the agricultural classroom and shop would be remodeled and equipment updated to modern curriculum; one elementary classroom would be remodeled with present office area to provide larger administrative services, and the present cafeteria would become an art room for grades 7-12.

Expanded enrollment, from 495 in 1955 to 853 this year, also is given as a reason for the addition.

Pepin Resident Named Deputy On Hourly Basis

PEPIN, Wis. — A deputy sheriff to serve Pepin and area has been appointed by Pepin County Sheriff Victor Selene.

James Smith, 26, local barber, will be on call at all times. He previously served as a Pierce County deputy at Plum City.

The county board of supervisors authorized appointment of two deputies at its November session. They will work on an hourly basis. The Stockholm appointment hasn't been announced.

Cochrane-FC FFA Conducting Polio Campaign

COCHRANE-FC — Members of the FFA of Cochrane-Fountain City High School are conducting a "Carn for Polio" drive during the holidays.

The boys are calling on all area farmers. The corn they receive will be sold and the money turned over to the Buffalo County polio chapter. This is the first time in several years the FFA has collected corn.

Hospital Site Hearing Set For Thursday

Formal application to build three apartment buildings on the old Winona General Hospital site will be heard next Thursday at 4:30 p.m. by the Board of Zoning Appeals.

Findings and recommendations of the City Planning Commission will be considered along with application. Filed by Robert V. Gisselbeck and Samuel J. Schneider, the request will be for approval of the one block area as a community development project.

This request follows recent action by the planning commission and City Council in amending the zoning ordinance to establish a one-acre minimum size for such developments.

The order of procedure, if approval is granted, would consist of initial approval of the developers' plan for the area, then permission to proceed with construction.

Durand Salvage Company Sold

DURAND, Wis. — Sale of Durand Salvage by Paul Fedie to Arnold C. Anderson, Durand, was announced this week.

Anderson, who worked 13 years for the Pepin County highway department, said he intends to devote full time to his new business. In addition to buying and selling scrap metals, he will handle orders for new steel and provide electric welding service.

A native of Arkansas, Anderson is married and has three children, Vern, Bernard and Donald. The family resides at 302 6th Ave. E.

Fedie acquired the salvage yard from George Hendrickson, who founded the operation. Fedie, who had operated it since November 1962, will return to telephone construction, his principal occupation before going into the salvage business.

Masons and OES At Blair Install

BLAIR, Wis. (Special) — New officers have been installed by Blair Lodge 323, F & AM, and the Eastern Star.

Lodge officers: Ralph Utne, master; Alden Elland, senior warden; Donald Johnson, junior warden; William H. Melby, treasurer; Ernest Anderson, secretary; Glen Odgaard, deacon, and George Larson, tyler.

Miss Alice Stumpf is warden and Mrs. James Berg, sentinel. Star points are: Mrs. Alden Elland, Adah; Mrs. Donald Stanford, Ruth; Mrs. Angus Sather, Esther; Mrs. Melvin Hjerleid, Martha, and Mrs. James Watson, Electra.

Pepin Firemen Elect Officers

PEPIN, Wis. — Pepin's volunteer fire department has elected officers.

The election of Wesley B. Miller as chief was approved by the Village Board. Other officers are: James Smith, first assistant chief; Cleon Peters, second assistant; Neil Sutherland, secretary-treasurer, and Albert Breitung Jr., janitor.

2 below to 5 above. Saturday will see the thermometer rise to only 15, said the weatherman. Continued cold with no precipitation is the outlook for Sunday.

THE EXTENDED forecast for the next five days, including New Year's Day, indicates that temperatures will average 8 to 12 degrees below seasonal normals. It will be cold through most of the period with a warming up about the middle of next week. Normal daytime highs are 20-28 and nighttime lows 1 to 10 above.

Little or no precipitation is expected for Winona and vicinity.

A year ago today Winonans shivered in —15 temperatures. High then was only 23. Four inches of snow lay on the ground. All-time high for Dec. 27 was 51 in 1936 and the low —23 in 1872 and 1880. Mean for the past 24 hours was 22. Normal for this day is 18.

In Minnesota the thermometer slipped to —11 at Bemidji and —7 at International Falls. St. Cloud had a low of —1 and Duluth reported 2 above.

At Rochester the low was 9 after a Thursday high of 34 and La Crosse posted figures of 16 and 31 for the same times.

Roads in Minnesota and Wisconsin were slippery in spots.

WISCONSIN roads in an area north of a La Crosse-Port Washington line had occasional slippery stretches today following new snow. Main roads south of the line were generally clear, the State Highway Department reported.

The snow ranged from a half-inch to 4 inches, the agency added.

Secondary roads continue to have more icy and snow packed spots because of low traffic movement, the department said. Light snow dusted most of Wisconsin today. But in a few scattered areas of the north, the snowfall was heavy enough to make driving tricky and sometimes dangerous.

BLOWING SNOW in the Hurley area reduced visibility to one-quarter mile. The only measurable snow during the night was 3 inches at Duluth and Wausau, 2 at Park Falls and 1 at Green Bay. Elsewhere amounts were less than an inch.

Some freezing drizzle fell in Wisconsin Thursday morning but it turned to light snow by noon. Spotty light snow continued through the night.

At mid-morning today, light snow was falling at Milwaukee, Madison, Oshkosh, Beloit, Janesville, Clintonville, Rhinelander and Ashland.

THE MERCURY hit a low of zero at Superior early today. Maximums Thursday ranged from 37 at Beloit to 22 at Park Falls.

New Substation In Operation for Osseo, Strum

OSSEO, Wis. — A new Northern States Power Co. electric substation has been energized to provide an additional 12,500-volt power supply for Osseo and Strum.

Located 2½ miles southwest of Osseo on the Brennan Rice farm, it will receive power from a 69,000-volt transmission line from an NSP-Dairyland Power Cooperative interconnection, the 16th such interconnection between the two power suppliers.

The new substation was built to meet the increasing power demands of business and industry in both towns and add to the dependability of their service, said F. J. Dinkel, manager of the Eau Claire-Chippewa division.

A new three-phase line, bringing power from the substation to Osseo was energized at the same time. A new line from the substation to Strum will be completed early next year.

It Happened Last Night Kitty Kallen Warns Girls

By EARL WILSON

NEW YORK — Kitty Kallen, the hit singer, has become a "Paula Revere" . . . sounding an alarm to women about taking unescorted strolls on winter resort beaches lest they be attacked in the current lawlessness wave. She says she ventured 300 yards from her hotel in San Juan, Puerto Rico, last Sunday afternoon — a few steps beyond a wall supposed to be the end of a strolling zone. A young would-be assaulter, trying to tear off her swim suit, pushed her head under water three times, she says. Kitty reports she escaped by pretending to assent and pointing to the beach. Then she screamed and fled. Kitty and her husband, Budd Granoff, the recording producer, are back home in Englewood, N. J., very shaken. They reported it to police who, they say, were indifferent.

Barbra Streisand's Christmas card was unique. First, it was dated "Dec. 25, 1959," and bears the printed names "Rose and Armando Miller," crossed out, with the rubber-stamped name, "BARBRA STREISAND" under it. . . . The B.W. and I, during the depression, saved senders' cards and sent them back to the senders the next year. Barbra is doing practically this in her year of greatest prosperity.

TIP: NOW'S the time to buy theater tickets: Due to the "ice" probe, and seasonal slump, only "Barefoot in the Park" is sold out. . . . Geraldine Page, now Mrs. Rip Torn, and expecting, admitted at the "Marathon '33" opening party at Gallagher's that she's torn about what to call her baby if she has a daughter. What nice girl's name goes with Torn? . . . The sensational new comic in the June Havoc show, Lee Allen, is the husband of pretty little Libby Dean, N. Carolina singer, model and actress in the same show. They've played around the country. . . . Marion Brando and wife Movita loved Albert Finney and "Luther"; said so in a note.

Lassie occupied a regular passenger's seat on TWA arriving for the Jimmy Dean Show, and got a red-carpet 3-room suite at the City Squire for herself and two handlers. . . . Jose Ferrer proudly announced to Rosemary Clooney, their 5 children, and her mother, sister, nurse and mgr., who arrived for Christmas, that when he does the Garry Moore show, he won't act, he'll SING!

"SOMETHING happened that made me cry for a half-hour," a well-known Broadwayite

phoned me. "I received my latest 'American Heritage' which contained an insert, a black-edged card with the inscription John Fitzgerald Kennedy 1917-1963 plus this verse: 'The bustle in a house The mourning after death Is solemnness of industries Enacted upon earth. — The sweeping up the heart And putting love away We shall not want to use again Until eternity.' These lines, which many of us learned in school, are eloquently credited as follows: 'Emily Dickinson, circa 1865.' TODAY'S BEST LAUGH: 'Dean Martin's dressing room wall was plastered with phone numbers. You only live once; I called a few. Every one was a liquor store.' — Danny Thomas.

WISH I'D SAID THAT: "With this 'Lolita' trend, there'll soon be a book, 'Confessions of a Teen-Age Grandmother.' — Jesse Kaplan. EARL'S PEARLS: My B. W. denies she ever quarrels with me. According to her, I pick on her, and she merely answers in a loud indignant voice. REMEMBERED QUOTE: "It ain't a fit night out for man or beast." — W. C. Fields.

Myron Cohen says a tenant complained of a new apartment building being flimsily constructed, saying the building wasn't even steady. The landlord retorted, "What do you expect? The wall paper isn't up yet." . . . That's earl, brother.

Pickpocket Actress Tries Real Thing

NAGOYA, Japan (AP) — Hisae Yamada, 54, played the part of a pickpocket while leading a postwar troupe of traveling actors, but she gave up the stage. Police said they caught her last week lifting a purse from the shopping basket of a housewife. Under questioning, she confessed to 208 such thefts, totaling \$2,300, police said today.

'Tom Jones' Leads 10 Best Movies

By BOB HOMAS
AP Movie-Television Writer

HOLLYWOOD (AP) — The year's movies— This has been a big year for American movies, size-wise, at any rate. Never has the public been greeted with so many immense and expensive attractions. The situation is not likely to be repeated, since the film companies have been busy licking their financial wounds. As for quality, 1963 was not a vintage year, nor was it a drought. On the whole the year represented an awakening of the creative spirit, an attempt to experiment and seek new vistas.

Here is how the top English-language movies stacked up for this reviewer:

1. "Tom Jones" was a rare and imaginative stunt, using every trick in the movie books to bring a literary classic to pulsing life.
2. "America, America" represented the height of Elia Kazan's powers as he depicted his uncle's flight to the land of promise.
3. "Lilies of the Field" boasted unabashed sentiment and an inspired performance by Sidney Poitier.
4. "Love With a Proper Stranger" caught the temper of big-city life.
5. "Cleopatra," for all its immensity, presented a fascinating spectacle.
6. "Hud" was a tough and realistic view of the modern West.
7. "How The West Was Won" was hokum of the best kind.
8. "The Great Escape" was another piece of topnotch filmmaking from familiar materials.
9. "Charade" offered that old smoothie, Cary Grant, in top form.
10. "The Ugly American" strove valiantly, though not always successfully, to deal with U.S. problems abroad and featured a strong performance by Marion Brando.

U.S. Accounting Office Reduces Expenses Sharply

WASHINGTON — The watchdog of federal spending—the General Accounting Office—reports it saved the government \$247.5 million during the year that ended last June 30. In his annual report to Congress, Comptroller General Joseph Campbell said Thursday this total represented "refunds, collections, measurable savings and other financial benefits." Campbell said the GAO's operating expenses for the 1963 fiscal year were \$42.7 million—less than one-fifth of the amount reported saved.

The GAO was set up by Congress to keep an eye on government spending.

DEAR ABBY:

Rumor Has It He's a Roomer

By ABIGAIL VAN BUREN

DEAR ABBY: He is 55 and divorced. She is 50 and has never been married. They have been going steady for nine years. She has a furnished apartment and he lives in a rooming house. About a year ago she took him in as a "boarder." She claims that there is nothing wrong with it because he is only a boarder and not a roomer. They go everywhere together. Her father objects and so do her sisters and brothers. She is ruining the family name. What can be done about it?

DEAR SISTER: Nothing. It is entirely possible that the man is only a boarder, and the rest is only rumor.

DEAR ABBY: I am 24 and am engaged to marry a fine man of 29. He is a college graduate and very intelligent. His one fault is that he isn't very particular about his appearance. Sometimes his shirts are not ironed, or he could have buttons missing from his shirt or jacket, or his shoes aren't shined. Or maybe he will have a few spots on his clothing. This doesn't bother him, and it doesn't bother me, either — but it does bother my mother. She says I should tell him he shouldn't go around looking like that. I think I should wait until after we're married, and then it will be my responsibility to see that his shirts are ironed, and his clothes are clean and have buttons. What do you think?

NOT BOTHERED

Abby

DEAR NOT: If neither you nor he is "bothered" about his careless appearance, wait until after you are married and then try to "neaten" him up. But don't be surprised if you find him careless about his person in other ways.

DEAR ABBY: Some time ago I was given a set of dishes which I liked very much. The plates were large with a beautiful rosebud in the center. While sharing one of my cakes, I sent it over on one of these lovely plates. Now, the plate graces my neighbor's china cabinet. She has it standing up, glued down. I would like to have that plate back. Should I say anything?

A NEIGHBOR

DEAR NEIGHBOR: Certainly. Say, "Oh there is my plate! Do you mind if I take it home with me?" And I hope your neighbor doesn't become "unglued" while prying the plate loose. P.S. Next time, send paper plates.

CONFIDENTIAL TO "SINNED": A woman can forgive a man almost anything — if he will only ask to be forgiven.

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

Tippit Fund Over \$400,000

DALLAS, Tex. (AP) — Contributions in 1,500 letters processed Thursday raised the J.D. Tippit fund to beyond \$400,000.

The total stood at \$405,301.81 when counters at police headquarters quit for the day.

Lt. V. K. Hipskind said the tabulation crew still has 7 1/2 mail sacks to process. At an average of 3,000 letters to a sack, that means roughly 22,500 letters.

The fund is being raised for the family of a Dallas policeman who was slain as he questioned a suspect in the assassination of President John F. Kennedy.

Guards to Remain At Kennedy Grave

WASHINGTON — The special detail of guards at President Kennedy's grave "will remain until the volume of visitors is reduced to a level which will permit their withdrawal," the Army said today.

John Wayne, Rita Hayworth Flee Tent Fire

MADRID (AP)—John Wayne, Rita Hayworth and other film personalities fled for their lives Thursday from a blazing circus tent.

Studio officials gave this account: The tent was being used for the filming of a circus fire — but an unexpected breeze set the flames blazing the wrong way. About 40 square feet of the top of the tent fell.

Wayne, working in the scene for the film, "Circus World," ran to safety. So did Rita Hayworth and another star, Claudia Cardinale, director Henry Hathaway and more than 75 other technicians and workers. An elephant, a lion and other animals had to be moved as a precaution. Firemen soon brought the fire under control.

Kline Given Freedom for Court Appeal

ST. PAUL (AP) — A new order was issued by the Minnesota Supreme Court Thursday permitting Marvin L. Kline to remain free while he appeals to the U.S. Supreme Court.

Kline was convicted in April 1961 of grand larceny for raising his own salary while directing activities of the Sister Kenny Foundation. Kline was sentenced to 10 years in prison.

In a later, separate case in federal court, Kline was convicted of fraud along with four other persons associated with the foundation.

The state Supreme Court affirmed the conviction in the grand larceny case.

The 30-day suspension of sentence for Kline's appeal expired today, but Chief Justice Oscar Knutson signed an order for an indefinite suspension to carry out the appeal.

The order stays in effect until the case is finally disposed of by the U.S. Supreme Court.

Maiden Rock Youth at Johnson Ranch

JOHNSON CITY, Tex. — Jack Olsen of Maiden Rock, Wis., arrived at the ranch of President Johnson Thursday to resume his role as escort for 16-year-old Lucy Baines Johnson.

The 18-year-old Olsen, a University of Wisconsin freshman, was with the Johnsons for Thanksgiving dinner and squirmed Lucy on a dinner date in Washington, D. C., before the Johnsons left for Christmas in Texas. The date was duly watched by Lucy's secret service escort.

As Olsen was arriving, the fiancée of 19-year-old Lindy Bird Johnson was leaving. Young naval Lt. JG Bernard Rosenbach of Comfort, Tex., left to rejoin his ship at Jacksonville, Fla.

Minnesota Auto Tax Exceeded By Only 1 State

By J. W. DAVIS
Associated Press Writer

WASHINGTON (AP) — About the time you get Christmas paid for, it will be time for another annual expense — automobile tags.

This is an item that has been going up generally, with more and more cities and towns getting into the act along with the states.

The top charges run as high as \$72.95, in Oklahoma, and \$69.35, in Minnesota.

A mass of information has been gathered about car tags by the American Automobile Association and the National Geographic Society.

For one thing, there seems to be a trend toward making the tags good for more than one year. Nineteen states now issue stickers or tabs instead of requiring an annual replacement of plates.

Also, more states each year are using reflective plates. These cost a little extra to make, how much depending on how many years they are supposed to last.

The average cost of manufacturing tags runs about 15 to 20 cents. Nearly all are made by prison labor. The size is now a standard 12 by 6 inches, after many years of variety.

Various states like to use the tags to advertise their special qualities or attractions. Only infrequently is there any objection from car owners, but it was reported recently that one citizen threatened to go to court to prevent New York from advertising its world fair on his 1964 plates.

Registration of autos began in 1901, in New York State. The need was obvious — to help identify a car that was stolen or involved in an accident. At the beginning the revenue didn't amount to much — \$1 a car.

There has always been a special appeal in low numbers, these usually being reserved for top state officials. Peculiar combinations also are popular.

A Wisconsin man named Ole Lee managed to get plates numbered 337-370 which he put on upside down, to spell his name. Mickey Mantle, whose baseball uniform carries the number 7, got plates with the number 77-7777. Heavyweight boxer Rocky Marciano once had the letters KO.

By paying an extra fee Connecticut car owners have been allowed to get special combinations of four letters. Two teen-aged friends had galoppies that sported rock and roll. A man named Krout was happy with tags reading sour.

Let's Get Growing

Some Suggested Annual Vines

It has been a year or so, we believe, since we have talked about annual vines and have perhaps unduly neglected these valuable plants for temporary home landscaping. It might be well for the gardener to consider one or two varieties of annual vines when making plans for spring.

Annual vines are very useful, if used discreetly about the yard, for their rapid growth and abundance of colorful flowers. They can be used as showy fillers while perennial vines are being established, or for temporary locations that are in need of fast growing covers. They will give a decorative effect on fences, buildings, walls, or even on old stumps. They are usually tall and rampant growers and will give color at a height considerably above the usual flowers. For a temporary screen, or for hiding unsightly views, they can be considered as being indispensable in many cases.

Fair, Dry Weather for Most of U.S.

By THE ASSOCIATED PRESS

Fair, dry weather covered most of the nation today, but parts of the Midwest and New England were stung with sub-zero temperatures.

The coldest temperature reported was in Old Town, Maine, where the mercury dipped to -25.

International Falls, Minn., which stays in deep freeze for months, was -1.

Elsewhere, relatively mild temperatures prevailed. The Weather Bureau said the mildness will remain static for several more days at least, with the possibility of some snowfall in many areas.

Some snow fell early today in the upper Mississippi Valley, Great Lakes and southern New England. The upper Ohio Valley and lower Great Lakes regions were slickened with drizzle and rain in subfreezing temperatures.

Snow also fell in the northern Rockies and northern Plateau region with 1-3 inches of new accumulations in some places. Light rain dampened northwestern California, western Washington and western Oregon.

Man Rolling Log Over Milwaukee Street Is Killed

By THE ASSOCIATED PRESS

The deaths of two men, one of whom was rolling a log across a busy Milwaukee street, have raised the 1963 Wisconsin traffic toll to 888, compared with 947 on this date a year ago.

Milwaukee police said Frank Hebein, 62, was struck by a car and killed as he rolled a log across heavily-traveled West Capitol Drive Thursday night. He had gotten the log from a city forestry crew which had been trimming trees in the area and was taking it home for firewood. The driver of the car was not held.

Albert Lietz, 28, of Rib Lake, died Thursday of injuries received Sunday when he was struck by a car while changing a tire on his auto on Highway 102 in Rib Lake.

THE MORNING glory is one of the showiest of all of the annual vines and is very popular. The newer varieties have larger flowers than the old-fashioned mixed kinds and bloom more profusely.

Probably the favorite morning glory at the present time is the variety Heavenly Blue, since it is the one most commonly seen. A good white variety is Pearly Gates with blooms as large as the blue kind. A small-flowered, early blooming type with light crimson blossoms is the variety Crimson Rambler, evidently named from the well-known Rambler rose.

The Cardinal Climber is an old favorite with some gardeners, although it is not as generally grown as the morning glories. It will grow to a height of fifteen feet in good soil with a sunny exposure. This is one of the most beautiful of annual vines with its glossy green and finely cut foliage and bright scarlet flowers. It usually blooms earlier than the morning glories and continues to flower until frost.

ANOTHER ATTRACTIVE annual vine both as to flower and foliage is the Scarlet Runner bean that will reach a height of 12 feet under good growing conditions. This is a twining vine that will do well on trellises, arbors, or fences. The flowers are a bright scarlet and are produced in large showy clusters. The young beans are edible in the green shell stage, although the vine is grown primarily as an ornamental.

The Passion-Flower is a vine that is usually classed as an annual in northern areas, although it will sometimes survive the winters with a heavy mulch of leaves or straw. Growing to a height of 10 feet, or more, it produces many beautiful round blossoms about two inches across, in color a combination of white, green, blue and purple. It is easily grown from cuttings which can be taken in the fall before frost and rooted indoors. Some gardeners are very partial to this vine and its popularity is growing.

THE ANNUAL moonflower, closely related to the morning glory, is a strong growing vine that will attain a height of 20 feet under good conditions. The large trumpet-shaped flowers, about six inches across, are white or pink. The leaves are very large and heart-shaped. Seeds can be started indoors and then transplanted where they are to grow for earlier flowering.

Then, of course, there are the small ornamental gourd vines that can be grown on fences, trellises, strings or other supports. The odd shapes, small sizes and peculiar markings of the little gourds make them attractive ornaments. When ripe, they can be polished, or varnished, and used as autumn and winter decorations in bowls and baskets.

Senate Meets, Adjourns Until Monday

WASHINGTON (AP)—It took only two seconds today for the Senate to convene and adjourn until 10 a.m. Monday when it will act on final passage of the controversial \$3-billion foreign-aid bill. That action will pave the way for adjournment until Jan. 7.

The pro forma session was adjourned by Sen. Lee Metcalf, D-Mont., almost as soon as he sat down as presiding officer. The previous record of a three-second session, established last July 5, was tied Aug. 3.

Only Sens. William Proxmire, D-Wis.; Wayne Morse, D-Ore.; and Thomas H. Kuchel, R-Calif., the GOP whip, were on hand when the quick ceremony took place. Under previous agreement, no business was permitted. The session was necessary to comply with Senate rules requiring a meeting every three days.

Canadian Editors Vote for Kennedy

TORONTO (AP) — For the second year in a row, Canadian editors have voted John F. Kennedy the world's leading maker of news. A poll of the editors was announced today by the Canadian Press.

NIXON

(Continued from Page 1)

Pennsylvania received only a handful of votes on both questions in the first survey. In the second, he was named by 44 respondents as the "strongest candidate" and 39 as most likely to be nominated.

The poll reflected a drastic revision of Republican opinion as a result of the assassination of Kennedy. A number of those who replied said they were "confused," "undecided," or "too early to say."

Goldwater's strength, as before, came mainly from the South, the Middle West and the West.

The GOP convention is scheduled to open in San Francisco July 13 with a tentative apportionment of 1,308 delegate votes. Needed to win will be 655 votes. Lodge shot into the running after reports circulated that Eisenhower had urged him to consider trying for the nomination. The former president and Lodge have not confirmed the report.

Replies to the questionnaire indicate that Goldwater's strength has been eroded, primarily, by two factors—President Johnson's reputation as a middle-of-the-roader, and the belief that the South will stay in the Democratic column for a few Southern, whereas, in a Goldwater - Kennedy race, the Republicans might have carried some Southern states.

"I was a Goldwater man," said Eugene Bookhammer of Delaware, "but I think he's done now, assuming President Johnson gets the (Democratic) nomination. Things are now changed with respect to civil rights, conservatism and other issues."

In Georgia, Walter Nitcher of Columbus said of the situation there:

"He (Goldwater) was the opposite of the civil rights movement, the opposite of the man the South opposed, and the opposite of the Eastern liberal. With all those factors removed, he loses a good part of his strength."

However, a number of respondents in all sections of the country disagreed. Said Mrs. V. H. Moffat, of Colorado, a Goldwater supporter:

"I do not believe the basic issues have changed, as President Johnson has vowed he will carry on the Kennedy program and keep the Kennedy Cabinet. It is still liberalism vs. conservatism."

A number of respondents, noting that Nixon nearly won the presidency in 1960, said he has an even better chance next year. An Indiana chairman wrote:

"I do not believe Johnson has the following Kennedy had. If Nixon can run as good a race as before, he should win."

Rockefeller's divorce and remarriage again were cited as reasons why respondents said he is not the strongest GOP candidate.

A number of those replying said the nomination is "up for grabs" and predicted a dark horse would win it. In this category, Seaton's name was frequently mentioned.

Linda Tingesdal Becomes Bride Of Verdon Stennes

MABEL, Minn. (Special) — Miss Linda Frances Tingesdal, daughter of Mr. and Mrs. Loren Tingesdal, Mabel, became the bride of Pvt. Verdon Stennes, son of Mr. and Mrs. Harry Stennes, Mabel, Saturday evening at Mabel First Lutheran Church. The Rev. Bruce Boyce officiated.

Miss Hazel Shriver played the nuptial music and Mrs. Larry Miller was soloist.

The bride, given in marriage by her father, was attired in a gown of lace over taffeta, fashioned with a fitted bodice and scoop neckline embroidered with iridescent sequins. The bouffant skirt had ruffles of tulle edged with lace at the front and a plain lace back. She wore a veil which fell from a crown. She carried a lace covered Bible topped with red sweetheart roses.

Mrs. Gary Vick was matron of honor and Miss Phyllis Stennes, sister of the groom, was bridesmaid. They wore royal blue street-length dresses with matching headpieces. They carried bouquets of white carnations. Laurie St. Mary was flower girl.

The groom was attended by Merlin Hanson as best man. Ushers were David Olson and Duane Stennes, St. Charles, Minn. Wade Johnson was ring-bearer. Groomsman was Ricky Tingesdal, brother of the bride. Candelighters were Loren Tingesdal, Jr., brother of the bride, and Paul Hanson.

Following the ceremony a reception for 150 guests was held in the church parlors. Assisting at the reception were Mmes. Juanita Michelson, Florence Proctor, Marion Olson, Reginald Olson, Cyrus Hanson, Earl Stennes, Noris Bakke and Donald Vang, the Misses Sandra Olson, Renee Williams, Karen Olson, Beverly Treangen, Phyllis Tollefson, Barbara Michelson, Alice Proctor, and Carol Stennes.

The bride and groom are both graduates of Mabel High School. The bride has been employed as secretary at the Odell Lee Agency, Mabel. Prior to entering military service, the groom was employed at the Mabel Creamery.

The couple left Christmas Day for Fort Hood, Texas, where the groom is stationed with the Army.

Survey Establishes Newspapers Irreplaceable

NEWSPAPERS, FROM an objective appraisal, have the assurance that they are irreplaceable for both their news coverage and their advertising.

Time Magazine reports that Dr. Ernest Dichter's Institute for Motivational Research has produced some hard facts about newspapers and television — and they are objective since the survey involved no fee at all.

A year ago when Manhattan's seven dailies were about to be shut down by a strike, the institute saw a chance to prove the value of various news media. Finding no publishers or broadcasters willing to pay for the study, the institute, at its own expense, interviewed at length 530 New Yorkers before, during and after the strike.

SAYS TIME Magazine:

"Before the strike, fully 83 percent of those interviewed thought television and radio news coverage excellent; only 6 percent said it was poor. During the strike, TV beefed up news and commentary, while some radio stations programmed news non-stop. Yet the study discovered that as the strike wore on, viewers without papers found broadcast news increasingly thin and monotonous. By the end of 114 newspaperless days, only 16 percent thought TV and radio had done an excellent job, another 16 percent found them no more than satisfactory, and 68 percent said that TV and radio news was poor."

One fault expressed about radio and TV is that they broadcast the same news over and over, and that when something interesting is mentioned it often tends "to slide" past the listener. In contrast, the newspaper reader, at his own leisure, can follow the path of his own news interests guided by headlines, and at his own pace.

WHILE TV is strong in entertainment, as far as news is concerned, the printed word is presumably well ahead of the spoken word, as far as the general public is concerned.

County Reform Still Needed

GOV. JOHN Reynolds has signed into law a measure authorizing county administrators in all Wisconsin counties.

It does not meet the need for real reform of the system of county government, however.

The office of county administration, also known as the county executive, may be created in any county by a resolution adopted by its county board. The administrator's salary and powers would be determined by the individual county board. The term of office would be for two years, whether named by the county board or elected at a countywide election.

THE ADMINISTRATOR would have powers to coordinate and direct all administrative and management functions not vested in boards or commissions; appoint heads of departments; and appoint when given the power by the county board or county commissions.

It is obvious that the office will be just what the board members want it to be because the supervisors now have the power of appointment.

It is also too apparent that the law does not get at the basic problems. In Dane County and many other industrialized counties with growing problems, a complete overhaul of county board government is necessary.

THE COUNTY boards are too large with an overbalance of rural representation. The resident of a populous area, such as Madison, has fractional representation. Government by county board committees is antiquated.

If the passage of the county administrator law can be considered a sign that the Legislature is starting to recognize the plight of Wisconsin's growing industrialized counties, then it may be encouraging. But by itself, it certainly is not enough — after the legislators defeated the county government reorganization bills during the past several sessions.

IT IS NOW up to the Legislative Council to prepare legislation for 1965 which will meet the needs of many counties. — Wisconsin State Journal, Madison.

A man with kidneys transplanted from a chimpanzee is apparently healthy. That's fine — but a diet of bananas is going to get awfully monotonous.

HOW DO YOU STAND, SIR?

Misrepresented On Public Issues

By SEN. BARRY GOLDWATER

Among the many misrepresentations of my position on public issues, perhaps the most ridiculous is the charge that I would like to abolish the federal income tax.

Although I have never even vaguely suggested such a course, I still get an occasional letter asking me how this could be done.

I suppose everyone in America—certainly every wage earner—would like to see the federal income tax abolished. But that doesn't mean that it could be done or that any responsible persons would seriously entertain the notion.

This, of course, does not mean that I believe we have an efficient, fair and equitable system of federal taxation. Nothing could be further from the truth. I believe there are many very serious deficiencies in the federal income tax which should be remedied as quickly as possible.

But abolition is the answer to nothing. It would create very serious and damaging results to the whole business of running the government—the largest business in the world today. It takes money—and great amounts of it—to carry out the legitimate functions of the federal system. If you abolished the income tax, the government couldn't pay its bills for essential services, and chaos would result.

WITH THIS thoroughly understood, I have no hesitancy in stating that I believe the steep rate of progression in our individual income taxes is punitive in nature and should be scaled down. I believe that a flatter rate could produce all the receipts we need and at the same time cut out much of the red tape that currently bogs down our taxpaying citizens.

Frankly, I believe that our entire tax system could stand a thorough overhauling. I think it could be revamped from top to bottom with four paramount aims:

(1) To increase the flow of investment capital into business, industry and commerce and thereby stimulate the creation of good, permanent jobs for our expanding work force.

(2) To cut down as much as possible on the paperwork which is presently placed on the average citizen every year.

(3) To end loopholes through which some groups and citizens are able to escape their fair share of the taxes needed to run the country in the 1960s.

(4) To permit our hard-working American people to retain more of the fruits of their labor through a general reduction in individual income tax rates.

IN CONNECTION with the last point, I want to emphasize that any such reduction in tax rates should be accompanied by comparable or heavier cuts in the rate of federal expenditures. It can do our economy nothing but harm to carry through a tax reduction program while at the same time increasing the rate of public spending.

This, of course, is the major objection to the present administration's tax bill. It is being sought at a time of heavy and continuing deficit and is just as ridiculous as a wage earner increasing his expenditures about the time he accepts a cut in pay.

Above all, the thing that must be guarded against in any sizable revamping of the federal tax system is inflation.

My principal fear is that if the administration succeeds in getting a sizable tax reduction without cutting public spending, the dollar will lose more of its purchasing power in the immediate future. This would work a particular hardship on our older citizens who live on fixed incomes, for there is nothing they can do about it but try and tighten their belts when the value of their dollars shrinks.

TO RETURN to my original point, I believe there are many things wrong with the federal tax system which could be corrected.

But abolishing the income tax is an impossibility which I have never suggested nor thought about.

How do you stand, sir?

AFTER CHRISTMAS, THE BILL COLLECTOR

THE WASHINGTON MERRY-GO-ROUND

Johnson Talks With Erhard Most Important

By DREW PEARSON

WASHINGTON — Perhaps the most favorable development for peace at this Christmas season has been the opening of the Berlin Wall for visits by West Berliners to their relatives on the other side. Despite the long waits and the ultra-bureaucratic red tape, this is a hopeful sign because it represents a victory for moderate forces both in West Germany.

The opening in the wall is especially important because it comes just before new Chancellor Ludwig Erhard sits down with new President Lyndon Johnson to discuss a long list of subjects, ranging from Berlin, the unification of East and West Germany, chickens, the common market, and the retention of U. S. troops in Germany.

Here are some background points in the Johnson-Erhard discussions which the public should know:

No. 1. — If elder statesman Konrad Adenauer had still been chancellor of Germany probably there would have been no visiting across the Berlin Wall this Christmas.

Adenauer's policy long had been to keep the Berlin crisis at crisis level, so the American public and U. S. government would remain worried about Berlin and keep U. S. troops in Germany. If the Berlin situation became quiet, the United States, it was feared, would begin to worry about the drain on the dollar and start bringing U. S. troops home.

ADENAUER ALSO was rigid regarding a clear-cut unification of East and West Germany, without any intermediate steps between.

No. 2. — Mayor Willy Brandt of West Berlin, a leader of the Social Democratic Party, took a more practical position toward East Germany. Shortly after the Berlin Wall was built, Brandt told me that East and West Berlin had to work together and that if left to their own devices they would work out their destiny. West Berlin had been giving credits to East

Berlin, had been selling East Berlin raw materials, and considerable trade continued even after the Berlin Wall was built.

It is the general policy of Willy Brandt and other Social Democratic leaders to let unification of East and West Germany come gradually. They believe that the communists will never consent to an election in East Germany, but that if the two areas begin trading together and have more exchange together, unification will work itself out over a period of years.

THIS WAS why Mayor Brandt negotiated the deal with East German authorities to permit Christmas visits, even if it did mean recognize the signatures of East German officials regarding traffic up and down the Berlin Autobahn. Adenauer had argued that to deal with these officials would constitute recognition of East Germany.

No. 3.—New Chancellor Erhard takes a position somewhat between rigid Ex-Chancellor Adenauer and moderate Mayor Willy Brandt.

The background of the American position is also important and this has a direct bearing on President

Johnson's talks with Erhard.

For a long time under Eisenhower, Secretary of State John Foster Dulles treated Adenauer as if he were the No. 1 statesman of Europe. Dulles and Adenauer acted like soul mates.

When Dulles died, President Eisenhower had grave misgivings about keeping so many U. S. troops in Germany, as he has revealed since retiring from the White House.

However, Dean Acheson, the ex-secretary of state, takes a contrary view and was for a time quite influential with the late President Kennedy. During the past year, Kennedy had drifted away from Acheson's influence, and it will be interesting to see whether Johnson leans on Acheson or whether he accepts the advice of his Under Secretary of State Averell Harriman, one of the sagest counselors in the State Department.

IT IS SIGNIFICANT that though Harriman is under secretary of state for political affairs, the career clique inside the State Department has been careful to box him in regarding European affairs.

GOP Enters 1964 in State of Shock, Confusion To the Editor:

The Republican party enters upon 1964 in a state of utter shock and total confusion. In less than seven months the GOP must select a national ticket and write a platform of Republican principles and programs. This task has developed into a difficult situation with the fierce revival of the conservative-liberal struggle within the Republican party.

GOP factions are plagued with their own individual dilemmas. The party's liberal wing is torn asunder as a result of a personal power struggle. New York Gov. Nelson A. Rockefeller, once the undisputed leader of GOP liberals, is now being challenged for that position by William Scranton, Richard Nixon and Henry Cabot Lodge. Serious organizations to draft these Republican leaders are presently in the formation stage and should prove to be of grave hindrance to Nelson Rockefeller's lagging candidacy.

Conservative Republicans, holding great influence within GOP councils, remain firmly behind Sen. Barry Goldwater. While benefiting from the liberal leadership conflict, GOP conservatives must prove as false the contention that a Republican presidential nominee cannot capture the South from President Johnson. It shall be said with much merit that Lyndon Johnson in pushing civil rights legislation may find himself his own best enemy in the Southern states. Conservatives shall strongly point out that a vigorous and confident Republican organization now flourishes south of the Mason-Dixon line.

Presidential primaries taking place next March, April and June in the key states of New Hampshire, Wisconsin, Illinois, Nebraska and California should help to inject some insight into the now cloudy Republican picture. The primaries will test Sen. Goldwater's current front-running position based on his grass-roots popularity. Gov. Rockefeller will either be reaffirmed or counted out as a serious contender. Gov. Scranton and Mr. Nixon may attempt to knock Barry Goldwater out of the race. Another factor to be watched will be Sen. Margaret Chase Smith's primary showing. An impressive poll should virtually hand Smith the second spot for the "fair" lady who have captured the public's imagination as well as admiration.

Looking ahead, I wish to make several predictions. Sen. Goldwater will enter New Hampshire as the GOP front-runner. Nelson Rockefeller may lose liberal support to Scranton, and Nixon's stock will be on the rise. Margaret Smith will make impressive primary showings and become the leading contender for the GOP vice-presidential nomination. Democrats will see President Johnson slip badly in the South and find Hubert Humphrey their vice presidential nominee.

In conclusion, 1964 promises to be an exciting political year. It may also prove to be a year of decision for if present trends continue the American voter next November will have a choice between a real Democrat, and a real Republican in the presidential election.

Anemia Can Make Nails Pale

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: I am 29. What could cause my fingernails to have a bluish color? Would anemia do so?

I have had examinations for different illnesses and the doctor has never found anything wrong with my heart. Can heart disease always be detected with a stethoscope? — MISS L.S.

Drugs containing silver (some nose drops, and one used for malaria) can cause a bluish tint. The silver produces a condition called argyria, and the skin acquires a curious gray cast. Bluish nails can be the earliest sign of this. Those drugs, however, aren't being prescribed very much.

Yes, anemia can make the nails pale, and leave a bluish color. A blood count, however, will readily ascertain anemia. One visit to your doctor will tell the story.

OR IT MAY be that the blood is not getting enough oxygen. Causes can include lung disorders as well as some types of heart disease. These conditions, too, are subject to standard tests.

The stethoscope will not detect all forms of heart disease, but it will reveal a good many.

Rheumatic or congenital heart disease? Yes. Disturbances in rhythm (such as auricular fibrillation)? Yes. Or skipped beats.

But it will not reveal coronary heart disease; that is interference in the flow of blood which nourishes the heart muscle itself.

FOR THAT, the ECG (or EKG, the electrocardiogram) is required. It also is used to define the exact type of disordered rhythm. Some of these faulty rhythms don't mean much; others may require attention.

Finally, X-ray is the most accurate method of assessing heart enlargement.

The stethoscope is a useful instrument, not only for heart examination but for evaluating breathing, and sometimes for listening for other sounds in the body. It can be helpful, at times, in cases of digestive disturbances.

But, no, it won't do everything.

Dear Dr. Molner: I have diverticulitis and many times am quite constipated. I use glycerin suppositories. Are they harmful? I try to drink plenty of water. — N.F.H.

No, these suppositories are better than using laxatives too frequently. It is possible that, in your case, stool softeners would help.

NOTE TO "CONCERNED FRIEND": Transvestism is the morbid desire to wear clothes of the opposite sex. A form of homosexuality, it is a deep-seated emotional deviation. A psychiatrist may be of help.

YEAR IN RELIGION

1963 Witnesses Changing Pattern

By GEORGE W. CORNELL
A changing pattern of religious relationships in the United States emerged in 1963.

In communities across the nation, Protestants and Roman Catholics began conferring together, often praying together, and in some fields, working together.

This was, on the hometown scene, the big religious story of the year.

It stemmed from events, both in the churches and out of them, the result of the tides of history.

From the Vatican Ecumenical Council, and its dramatic bid for renewal and closer ties among all Christians, a new open-door attitude spread to the local environments, bringing unprecedented contacts and interchange.

Roman Catholic bishops appeared at Protestant-Orthodox gatherings, and vice versa. Parish priests and pastors visited each other's congregations, discussed their varying customs.

It was an interflow, unparalleled in history.

The nation's racial upheaval also tightened the interfaith bonds. For the first Protestant, Roman Catholic and Jewish

representatives met nationally in Chicago last January to join forces for racial justice.

The upshot was the formation of interreligious councils on race in cities across the country. More than 40 of them have sprung up, and others were planned.

Another jolting event, the assassination of President Kennedy, also stirred a sense of all faiths, in their grief, their common identity among citizens self-examination and rededication.

The year was packed with history-making religious events. Among them:

The death of Pope John XXIII, that compassionate, gentle and open-hearted man who lit a new light of renewal and spiritual kinship where suspicions and antagonism had smoldered before.

The election of Pope Paul VI, who pledged himself to carry on the reforms initiated by his predecessor.

The surprising, preliminary agreements turned up in the six-denomination consultation on church union, involving Methodists, United Presbyterians,

Church Totals Leveling Off In Early '60s

NEW YORK (AP)—Church membership, which outran the nation's population growth by 14 per cent in the 1940's and 1950's, leveled off in the first three years of the 1960's.

The National Council of Churches issued figures Thursday showing that 63.4 per cent of Americans, or 117,946,002, belonged to churches in 1962. The percentage was the same as 1961's and lower than 1960's 63.6 per cent.

The gain in church membership of 1.6 per cent in 1962 was the same as the population increase.

Roman Catholics increased 2.3 per cent in numbers, and made up 23.6 per cent of the population. Protestants gained .77 per cent and made up 34.9 per cent with 64,929,941 members.

The largest denomination was the Southern Baptist Convention with 10,191,303 members. It took first place for the first time, passing the Methodist Church, which had 10,153,003.

Jews numbered 5,509,000 and Buddhists 60,000.

McKay Alphin, president of the North Central States Mission of the Church of Jesus Christ of Latter Day Saints will be the guest speaker and show a film, "The Windows of Heaven," at the 11 a.m. sacrament meeting of the Church of Jesus Christ here Sunday.

President Alphin is from Lovell, Utah, and was in the construction business 25 years before his appointment as mission president early this year.

The film is about Prophet Lorenzo Snow who presided over the church from 1898 to 1901. He succeeded in leading the church out of debt through re-emphasizing the law of tithing.

Barry Running Again, View Of Salinger

WASHINGTON (AP) — Sen. Barry Goldwater's sudden salvo at President Johnson may be a signal that the Arizona Republican has decided to plunge into the 1964 presidential race.
"I guess the senator's running again," White House press secretary Pierre Salinger remarked to newsmen at Austin, Tex.
Johnson, vacationing at his ranch near Johnson City, Tex., had no comment on Goldwater's charge that the President had unfairly put pressure on Congress in his fight over the foreign aid money bill.

Observers noted that Goldwater, figured by the polls as the front runner among possible GOP presidential contenders before the Nov. 22 assassination of John F. Kennedy, had begun jabbing at Johnson at least two weeks ahead of his previously announced schedule.
In a Dec. 5 interview, Goldwater announced a "major reassessment" of his plans and said that he would wait until after Johnson's State of the Union address Jan. 8 before assessing the new President.

Noting that Johnson would start to establish his own record at that time, Goldwater said that "shortly thereafter the Republican party will begin to praise or to criticize."
With Thursday's blast, sent to Senate Republicans from his Phoenix home where he is recuperating from minor surgery, Goldwater came out swinging at both Johnson's policies and his methods.
"I deeply resent the President's attempts to play politics with Christmas by stampeding votes on the highly questionable foreign aid bill," he said, adding that Johnson was "trying to treat congressmen as his personal errand boys."

"The arm-twisting of Senate members to bring them into town to do nothing but rubber stamp the executive's demand is rash and altogether out of order," Goldwater continued.
He referred to plans for a Senate meeting Monday to give final congressional approval to the \$3-billion foreign aid money bill for the year that started Jan. 1.
Goldwater underwent surgery to remove a calcium deposit on his heel.

U.S., Cambodia Will Try to Settle Dispute

By CARL ZIMMERMAN

MANILA (AP) — The United States and neutralist Cambodia have agreed to try to settle their dispute with the help of the Philippines.

"Initial contacts have been made and will continue," Foreign Secretary Salvador P. Lopez of the Philippines said today. "So far the situation seems encouraging."

U.S.-Cambodian relations deteriorated rapidly after the Cambodian chief of state, Prince Norodom Sihanouk, announced Nov. 19 he would accept no more American aid and ordered U.S. military and economic personnel to leave his Southeast Asian nation. There have been fears in the West that Cambodia is drifting toward Communist China.

Lopez said he conferred twice with U.S. Ambassador William E. Stevenson, and the Philippine ambassador in South Viet Nam has been in contact with the Philippine consulate general in Phnom Penh, the Cambodian capital.

In Washington, U.S. sources said Filipino President Diosdado Macapagal offered the use of his good offices last Friday. But indications are the United States is approaching the matter cautiously since it also involves U.S. relations with pro-Western South Viet Nam and Thailand, which border Cambodia and have historic disputes with it.

The foreign ministers of Cambodia and South Viet Nam are meeting in Saigon in an attempt to restore diplomatic relations, severed last August after the late President Ngo Dinh Diem's troops raided Buddhist pagodas in Viet Nam. Sihanouk is a Buddhist.

Much of the deteriorating U.S.-Cambodian relationship results from Sihanouk's belief that the United States, along with its Vietnamese allies, is backing the movement of Cambodian rebels. The United States has denied any complicity.

New Trial Granted to Hopkins Man

ST. PAUL (AP) — The Minnesota Supreme Court granted a new trial today to Donald M. Souden, Hopkins, in his \$75,000 personal injury suit against Cordelia Johnson and her husband, David R. Johnson, Minneapolis.

Mrs. Johnson was driving her husband's car when it struck the rear of one operated by Souden while he was waiting for a signal change on an Anoka County highway.

In reversing the lower court, the Supreme Court said that a driver who permits her car "to move ahead and rear-end a vehicle, also stopped in plain sight in front of her" is guilty of negligence as a matter of law.

A new trial was ordered on the issue of damages only. In other decisions, the high court:

Upheld a Hennepin county district court decision granting a building permit to George D. Alexander to erect a 6-story, 38-apartment building at the southeast corner of East Calhoun Boulevard and West 31st St. Minneapolis.

Sustained a \$3,100 verdict for Frank Trepanier, 86, against the Rasca Memorial Hospital at Grand Rapids for personal injuries suffered in a fall from a portable commode while he was a patient in the hospital.

7.5 Million Cars Made in Year

DETROIT (AP) — The auto industry has rung up all-time high sales of 7.5 million new cars, Ward's Automotive Reports said Thursday.

This topped the previous mark of 7,460,000 established in 1955.

The new record, however, is the result of more foreign cars being sold. Ward's said some 373,000 imports were sold this year compared with 52,000 in 1955.

Sales of domestic cars in 1963 totaled 7,127,000 as against 7,408,000 in 1955, Ward's said.

The trade publication based its 1963 figure on sales from Jan. 1 to Dec. 20.

Signal Callers Top Saturday Bowl Clashes

By THE ASSOCIATED PRESS

Just as quarterbacks dominated much of the play during the regular season, they'll be at it again Saturday as the college football bowl business continues on a fulltime basis.

The four games on the schedule, though, are only a prelude to New Year's Day when the bowl season reaches its peak with the Cotton, Rose, Orange and Sugar contests.

Leading the parade Saturday will be North Carolina and Air Force in the Gator Bowl at Jacksonville, Fla. The other contests pit the East and the West in San Francisco, the Blue and the Gray in Montgomery and Coast Guard and Western Kentucky in the Tangerine Bowl at Orlando, Fla.

Among the name quarterbacks on the various rosters are Terry Isaacson of Air Force, Don Trull of the West squad and Larry Rakestraw, playing for the Gray.

Isaacson, a colorful, clutch signal-caller, sparked the Falcons to a 7-3 record, including three games won in the closing minutes. North Carolina, however, is a slight favorite to halt Isaacson and win the nationally televised (CBS) contest.

Trull, the Baylor star headed for the American Football League, will try and pass the West to its 19th victory in the 39th Shrine game. The East has won 16 times while four contests ended in ties.

In the 25th Blue-Gray battle, Rakestraw, Georgia's prolific passer, will have his favorite target, end Mickey Babb, on hand. The Blue team, basing its offense on a ground attack, will seek its fifth triumph in the last six years and its 11th over-all. The Gray has won 14.

'Little Men' Shine in NBA

By THE ASSOCIATED PRESS

It was backcourt night in the National Basketball Association with Boston's K.C. Jones supplying a large part of the bustle. Jones gave one of his best performances in leading the Celtics to a 126-110 triumph over Los Angeles Thursday night, but he was not alone in starring from the part of the court reserved for the smaller men.

Keven Loughery and Rod Thorn contributed 41 points in Baltimore's 110-108 victory over Detroit; Hal Greer poured in 16 points in the last quarter as Philadelphia downed San Francisco 118-112 and St. Butler clinched a 111-107 triumph for New York over St. Louis.

Navy Practice Angers Hardin

DALLAS (AP)—"If that wasn't the worst practice we ever had, it was the next to worst."

Navy football Coach Wayne Hardin ran his hands through his thinning carrot-colored hair and considered the point. "I guess it was our worst," he said.

Hardin was so upset over the performance of his second-ranked squad that he suggested the Midshipmen will not get Sunday off, as planned, before the battle with national champion Texas in the Cotton Bowl on New Year's Day.

Hardin, first Navy coach in history to beat Army five

straight times said, "I hope it was just a case of too much turkey."

"Our passing was off. Our running was off. Our timing was off. And our defense was off. And we had no spirit."

Hardin planned two-day closed workouts today and Saturday. The players assembled here Thursday after a five-day holiday lay-off, spent at their homes.

Texas, still at home at Austin about 200 miles to the south, also begins two-day workouts today. There was no indication that the No. 1 ranked Longhorns are going to practice Sunday.

GOPHERS VICTORIOUS

Wildcats Upset Dayton 77-73

By THE ASSOCIATED PRESS

Villanova's eager, active Wildcats turned a fifth foul and a string of seven into the biggest upset of the day as the nation's collegiate holiday basketball schedule whipped into full stride Thursday.

Villanova turned its surprise on previously unbeaten Dayton in the first round of the Madison Square Garden Holiday Festival, coming from behind for 77-73 triumph over the highly-considered Flyers.

The Wildcats rallied from a 66-60 deficit when Dayton's 6-foot-11 Henry Finkel collected his fifth foul with 6:54 to go. Moments later they reeled off a string of seven straight points for a 71-70 lead and weren't headed again. Finkel, limited to eight points in the first half, finished with 31.

Villanova, now 7-1, thus joined unbeaten Utah, Minnesota and St. Joseph's, Pa., in the Saturday semifinals of the Garden affair. Friday is an off day.

Utah pulled away from St. John's, N.Y. 73-66, Minnesota beat Cornell 89-77, and St. Joseph's outlasted Providence 60-53.

The other major events generally followed form, though New York University, ranked 10th in the nation, lost its third in four starts. It can't be called an upset, however, because the Violets wilted before mighty Michigan, unbeaten and ranked 10th in the nation, 83-74 in the first round of the Los Angeles Classic.

The other ranked teams in action, No. 4 UCLA and No. 9 Oregon State, had a much easier time of it. The Bruins, defending champions in the Los Angeles affair, bombed Yale 95-65, while Oregon State, which has won seven straight Far West Classics, took a step toward another one with an 87-57 romp over Louisiana State at Portland, Ore.

GORGEOUS GEORGE DIES

What If NFL Title Tilt Goes Into Overtime?

NEW YORK (AP)—As Yogi Berra would say, it gets late early this time of year at Wrigley Field in Chicago. With no lights to turn on in case of early darkness on a cloudy day, a long overtime game Sunday could result in a nightmare for the National Football League.

Pete Rozelle, the NFL commissioner, did his very best when he set the starting time for noon CST. Although this will bring the game into California in mid-morning on radio and television it was the best that could be done.

Warriors Play At Beloit

By GARY EVANS
Daily News Sports Editor

Paced by the First Annual Cotter High Invitational Holiday Tournament which gets underway at Memorial Hall tonight, city basketball action picks up again after a brief Christmas layoff.

Three of Winona's four teams will play tonight. The highlight of the evening will be the Cotter tournament which pits four of the state's top parochial teams.

Minnehaha Academy of Minneapolis puts a 5-1 record on the line against Gene Biewen's Rochester Lourdes Eagles in the opening game at 7 o'clock with Cotter, holder of the top record in the meet, going against St. Paul Cretin in the 9 p.m. finale.

MEANWHILE, Winona State and St. Mary's limber up after vacation, away from home.

The Warriors meet host team Beloit in the 9 p.m. game of the Beloit, Wis., Holiday Tournament and the Redmen tangle with La Crosse at 9 o'clock in the first round of the La Crosse holiday tournament.

Cotter, which has driven to a 6-1 record under coach John Nett, reigns as the pre-tourney pick to capture honors in its first tournament.

The Ramblers aren't looking past a Cretin team that has compiled a 2-6 record, however. "They only lost to St. Paul Hill by five points," cautioned Nett, who saw his team topple Hill 56-51.

CRETIN MENTOR Bill Tierney is another person who thinks the Raiders aren't as bad as their record would indicate. "We play good ball," he said, "but our opponents always play their best against us."

Minnehaha Academy under coach Wendell Carlson could be the tournament "sleeper."

The Indians have three players averaging in double figures, topped by 6-5 Ed Nixon's 25 per game clip.

In addition, Minnehaha holds victories over Minneapolis North, which upset defending state champion Marshall a week ago, Minneapolis South and Southwest, Concordia and Burnsville.

The only loss has come at the hands of Minneapolis Roosevelt.

BIEWEN'S EAGLES feature a scrambling type game that calls for a fast break attack and a pressing defense. Lourdes has compiled a 3-4 mark over the early going.

In an attempt to keep his team on the successful trail it has journeyed thus far, Nett will go with his same starting lineup.

Mike Jerecek, 6-5, will be at center with Bob Judge and John Nett Jr. at forwards and Gene Schultz and Rick Starzdecki at guards.

St. Mary's Coach Ken Wiltgen will do some experimenting at La Crosse tonight. He will take captain Tom Hall out of the lineup and insert Denny Burghman at his forward spot to team with Roy Pylewski at the other wing and Jim Rockers at center. The guards will be Jerry Sausser, who moves in for Al Williams, and Mike Maloney.

For the Warriors, Lyle Papenfuss and Gary Peterson will be the forwards and Dave Meisner will open at a guard post. The other two spots were still up for grabs when State left for Beloit Thursday afternoon.

EAST EAGLE HOLE

HAIRTFORD, Conn. (AP)—Julius Boros, Juan (Chi Chi) Rodriguez and Al Geiberger, playing in the same threesome in the 1963 \$40,000 Insurance City Open golf tournament, all eagled the 482-yard second hole in the third round at the Wethersfield Country Club.

"Just think," said the slender Geiberger, "I was the last one in our group to drive on the second hole, scored an eagle and didn't even advance a spot in the batting order."

RAMBLERS ARE READY... The Cotter Ramblers will host their first annual holiday tournament starting tonight at Memorial Hall, and these 12 cagers will give Cotter a good shot at taking home its own title. They are, back row (from

Homeloving Mayor Offers A's Stadium

BLACKWELL, Okla. (AP)—In case Charles O. Finley, owner of the Kansas City Athletics, can't get a new lease on Kansas City's Municipal Stadium, Blackwell Mayor William Kasl has an answer. Move the club to Blackwell, a city of 10,000 persons in northern Oklahoma, Kasl suggests.

Kasl released Thursday night a letter he has sent to Finley. In the letter, Kasl offers his assistance in securing for the Athletics a 10-year lease — for \$1 a year — on Dave Morgan field.

Among the reasons for his offer, Kasl's letter said, "... We are tired of driving to Kansas City to the games."

WIN CRUCIAL DOUBLES MATCH

McKinley, Ralston Near Davis Cup Win

ADELAIDE, Australia (AP)—Grimly determined Chuck McKinley and Dennis Ralston, fighting tenaciously for every point, crushed Australia's famed tennis team of Roy Emerson and Neale Fraser in a bitterly fought doubles matches today and moved within one match of regaining the historic Davis Cup.

The American collegians battered their way to victory by

storming the Cup-defending Aussies' weak link — 30-year-old Neale Fraser — in the marathon four-set duel in 102-degree heat. The scores were 6-3, 4-6, 11-9, 11-9.

The chunky, 22-year-old McKinley of San Antonio, Tex., and the slender, suddenly matured, 21-year-old Ralston of Bakersfield, Calif., can clinch the best-of-five series of the Challenge Round by capturing

one of the two final singles matches Saturday.

McKinley, who atoned for his loss to Emerson in singles Thursday by his magnificent play in the doubles, will oppose 19-year-old John Newcombe, the latest young Aussie tennis prodigy who lost to Ralston in a thrilling five-setter. In the other match, the two singles victors, Ralston, the reformed Peck's Bad Boy of tennis, and Emerson, the rangy, wiry, 27-year-old Queenslander, will meet.

Fraser and Emerson never had been beaten in Davis Cup doubles until they ran into the confident, razor-sharp Americans in the packed Memorial Drive Stadium on this hot, summery day.

After the 1-1 split in singles, the doubles became a pivotal match and the pressure told on Fraser. The Yanks broke him twice in winning the first set and they charged past him in the third and fourth sets by taking his services in the 20th and final game each time.

Cards, Cats Grab Mabel Tourney Wins

MABEL, Minn. — Harmony and host Mabel emerged from Thursday night action with the right to battle for the title in the Mabel Holiday Tournament.

Harmony rolled past Houston 67-58, while Rose Creek fell before Mabel 51-45. Tonight's games will have Houston facing Rose Creek in the consolation battle at 7 p.m., while Harmony and Mabel will take the floor at 8:45 p.m. for the championship tilt.

HARMONY 67
HOUSTON 58

Harmony used a big third quarter to stop Houston in the tourney opener.

The Cardinals led 26-16 at the half, before firing in 25 points in the third period to build the lead to 51-30. Houston came back in the final period with 28 points, but the rally fell short.

Tom Fishbaugh led the winning Harmony squad with 26 points on 12 field goals and a pair of free throws. Ron Johnson had 12 and Mike Erickson 11. Bob Bremseth paced Houston with 20. Tom Runningen and Bruce Carrier had 12 and 11, respectively.

MABEL 51
ROSE CREEK 45

Mabel jumped off to an early lead and was never headed in tripping Rose Creek 51-45.

The Wildcats scooted away 13-9 at the end of the first period and boosted the margin to 40-27 by the end of the three quarters.

Dennis Usgaard sparked the hosts with 20 points, while Bob Rommes did a yeoman's job on the boards. Nick Majerus led Rose Creek with 17 counters.

Patriots, Bills In Rhubarb Over Burton

BUFFALO, N.Y. (AP)—With the Eastern Division title play-off game just a day away, Boston and Buffalo of the American Football League were involved today in a rhubarb over the Patriots' activated halfback, Ron Burton.

The Patriots and Bills meet Saturday in the first playoff in the league's four-year history.

But Ralph Wilson Jr., Bills owner, filed an official protest Thursday with league headquarters over the activation of Burton, who had been out of action since pre-season drills. Wilson contends the action violates the AFL's constitution and by-laws.

A league spokesman said Commissioner Joe Foss would rule on the protest today.

In returning Burton to the active roster Wednesday, Boston apparently acted under a memo the league sent to coaches and general managers. The memo said either team could add for the game up to two players who had been waived or deferred during the season.

Wilson maintained the memo is an amendment to the constitution and by-laws. An amendment must be voted upon by the owners.

Georgia Tech Favored in Milwaukee Meet

MILWAUKEE, Wis. — Georgia Tech Coach John Hoyer was somewhat surprised to find his Yellow Jackets installed as favorites in the Milwaukee Classic Basketball Tournament opening tonight.

Tech will play Marquette in the first game of the second annual tournament. Dartmouth and Wisconsin are matched in the second Consolation and championship games are scheduled for Saturday night.

"This might help us, to know we're the favorite," said Hoyer, whose team has the only winning record.

He also said his team, with a 2-2 state, "hasn't come along as good as I had thought we would." He blamed this on the unavailability of all his players during an 11-day break of examinations, but added, "We've got the boys together now, and we're in good physical shape."

Dartmouth Coach Alvin Julian, whose team is winless in three starts, said, "We need games badly." Because Dartmouth is on a three-semester schedule, the Indians have played only about half the games of other schools.

"That puts us behind in work," Julian said. "Then to find 50 athletes from widely make things worse, we have had seven of our top 12 players out at one time or another with injuries."

Hawks' Brandt Injured in Practice Play

Winona High, the only one of the four Winona basketball teams to take a long layoff over the holidays, has resumed workouts at the Winona High gymnasium.

Winhawk fans might keep an eye on the scores of the La Crosse schools, for when John Kenney's crew goes back into hardcourt action Jan. 3, La Crosse Central will be the first opponent. On Jan. 7, the Winhawks will return to the Wisconsin city for a battle with Logan High School. Thursday night, Central's Red Raiders thumped the La Crosse Aquinas Blugolds 73-43.

The injury bug struck the Winona High ranks Thursday during practice as 6-4 junior center John Brandt aggravated a chronic knee. Brandt had started in several of the Winhawk games this season. The extent of the injury was not known.

Bork Repeats As Member of NAIA Squad

KANSAS CITY (AP)—Quarterback George Bork, the passing ace of Northern Illinois, is one of three repeaters on a 1963 all-star football team announced today by the National Association of Intercollegiate Athletics.

The others are tackles John Reese of Southwest Texas State and Rex Mirich of Arizona State College.

St. John's of Minnesota placed two men — end Ken Roering for offense and John McDowell, tackle, on the defensive squad.

The NAIA named both offensive and defensive all-stars because its rules permit free substitution. Other members of the offensive unit:

Backs — Sid Blanks, Texas A&M; Jim Holder, Panhandle A&M (Okla.); Charlie Reed, Whitworth.

Center — Orville Hudson, East Texas State.

Guards — Gary Boggs, Lewis and Clark; Fred Collins, Grambling.

Ends — Billy Jones, Central Oklahoma State; Roering, St. John's.

The defensive unit:

Ends — Sidney Williams, Southern (La.); Leonard St. Jean, Northern Michigan.

Tackles — McDowell, St. John's; Jack Petersen, Omaha.

Guards — Pete Dengenis, Linfield; Bill Van Cleve, Northeastern Oklahoma State.

Linebackers — Sammy Odom, Northwestern Louisiana State; Val Finney, Ottawa (Kan.).

Halfbacks — Dick Butolph, Kearney (Nebr.) State; Bill Redell, Occidental.

Safety — Willie Tart, Elon.

Plainview Wins, Wabasha Also

PLAINVIEW, Minn. — Plainview opened its rather unique holiday doubleheader by taking a 72-32 decision from St. Charles in a Hiawatha Valley Conference game.

In the nighttime, Wabasha turned back Lewiston 57-51. Tonight Wabasha and Plainview will battle for the mythical title in the 9 p.m. nightcap, while St. Charles will face Lewiston in the 7:30 p.m. opener.

PLAINVIEW 72
ST. CHARLES 32

Plainview broke away from a 16-11 first quarter lead to balloon the bulge to 45-19 at the half and coast in for a 72-32 verdict over St. Charles.

The Gophers held the cake in the final period, by holding the Saints to only two points, while scoring 15 themselves.

LaVerne Krenbusch led the onslaught with 12 points, as every man on the Plainview team scored. Gary Feldman added 10.

Al Richter and Dana Burns had each each for St. Charles.

WABASHA 57
LEWISTON 51

Wabasha grabbed an early lead, and then hung on to stop Lewiston 57-51.

Male Keglers Hit Eight 600 Counts

The men took the spotlight Thursday night as the regular kegling season resumed after the short Christmas holiday.

Eight 600 counts were fired, indicating that maybe Santa did shake a little star dust on those bowling balls after all.

The high in the city came from the Eagles circuit at Hal-Rod Lanes where Dick Jaszewski soared to 242-633 for Grainbelt Beer. Dick Seeling followed with 234-613, while Joe Wachowiak led 245 for Kewpee Eagles Club tagged 1,006, and Winona's Insurance Agency spanked 2,832 for team laurels.

Four of the honor counts came from the Classic League at Westgate Bowl. Bernie Zenier and Ray Pozant shared top honors in the loop, both cracking 619s. Bernie had a high game of 246 as he rolled for Clark & Clark, while Ray's best was a 224 as he paced Pozant Trucking to 1,029-2,947. Jerry Dureske came up with 213-615, and Gordy Fakler tapped 232-609, both for Hot Fish Shop.

The final two top sets emerged from action at Westgate's Bay State Men's loop. Fran Hengel paved the way with 619 for Bouncers, and Dick Percy blitzed 613. Dave Kinowski had high single with 244 for Boss's, but Boxers took group honors with 993-2,905. Old Doc's won first-half activities.

HAL-ROD: Powder Puff — Helen Nelson clicked for 553 for Winona Insurance, while Helen Grulkowski was leading Steak Shop to 935 with her 204. Watkins Products, winners of first-half activities, clipped a 2,622.

WESTGATE: Keglerette — Esther Kelm socked 539 for Sam's D.S., and Palma Stanislawski led 215-525 for Lawrenz Furniture. Sammy's Pizza took team plaudits with 922-2,637. Jan Lubinski ripped 508.

Pin Drops — Sylvia Hasting's 188-547 sparked Culligan's to 878. Sportsman's Tap collected 2,560.

WINONA AC: Ladies — Lantern Cafe swooped to 927-2,463 as Eleanor Loshek led the way with 204-508.

Big Ten basketball teams won three out of four games Thursday in opening rounds of holiday tournaments in New York, Los Angeles and Portland.

Illinois, Minnesota and Michigan came out on top in the tourneys, while Iowa dropped a 61-56 game to Colorado State University in the Far West Classic Basketball Tournament.

At the Los Angeles Basketball Classic the University of Illinois staged a second-half rally to nip West Virginia 92-86, and the University of Michigan defeated New York University 83-74.

The Minnesota Golden Gophers took a five-point halftime lead over Cornell in the Madison Square Garden Holiday Basketball Festival in New York, then pulled steadily away to win 89-77.

Olympic Hockey Team Beaten 4-0

ROCHESTER, Minn. (AP)—The United States Olympic hockey team got blanked 4-0 Thursday night by the amateur Rochester Mustangs, with the opening goal scored by Oscar Mahle, who was cut from the star squad a few days ago.

Mable is a regular with the Mustangs, who are in the U.S. Hockey League.

Ron Constantine added a second period goal and Dave Frank and Greg Lacomy tallied in the third.

Jerry Nicols starred in the Rochester goal, making 42 saves including 19 in the final period. The Mustangs' regular goalie, now the Olympics' Tom Yurkovich, had 32 stops.

Manager Birdie Tobbetts of the Cleveland Indians will have Elmer Valo, George Strickland and Early Wynn as his 1964 coaches.

Toxic Smog Covers Mars, Experts Say

By JOHN BARBOUR, WASHINGTON (P)—There is new evidence that the planet Mars is covered by great yellow clouds of toxic smog.

If so, it could mean that earth's last chance of finding a life-supporting planet in this solar system is gone.

Some astronomers have conjectured that the yellowish dust seen on Mars are mostly dust, and the planet's whites and blues have been associated with snow and water.

But Drs. Sebastian Karrier and Carl C. Kiess reported today evidence that the clouds are mostly gases of compounds of oxygen and nitrogen—the same eye-burning, choking, toxic gases of earth's smog.

They split the light from the planet's telescopic image by powerful spectroscopic techniques and found the pattern that is yielded by the gas nitrogen dioxide.

Nitrogen dioxide—a partnership of one nitrogen atom and two of oxygen—appears yellow —and in dense concentrations looks brownish yellow, changing to blue and white in frozen forms.

Scientists —intent on searching the distant Martians' world for signs of life—have looked for traces of water suggested by changing color patterns, and blues and whites on the planet.

Karrier is a chemical consultant, a pioneer in the early processes that enabled U.S. industry to reap nitrogen from the atmosphere where it is some 78 per cent of the earth's gases.

Kiess is an astronomer at Georgetown College Observatory.

Mars and Venus are earth's closest neighbors. Scientists in search of life on other planets have concentrated on them for like earth, they are neither too close nor too far from the sun.

But a U.S. space probe that flew past Venus indicated surface temperatures there were too high to support any known kind of life.

Whitehall Pinmen Find Alleys Friendly

WHITEHALL, Wis. (Special)—The eight game finals of the match game championships at the Whitehall Lanes will be held today.

Thorne said it was his understanding that Mrs. Oswald, 22, would appear before the committee in either Dallas or Washington but that no date had been set.

The widow of Lee Harvey Oswald and her two small daughters are living at an undisclosed residence in the Dallas — Fort Worth area under protection of the Secret Service.

It was reported Thursday that Mrs. Oswald and her children received Christmas presents from all over the world.

LONDON (AP)—The heaviest fog since last winter enveloped London and much of England during the night. Fog and ice along with reckless driving were blamed for many highway accidents.

Injured Singer Goes On, Anyway

NEW YORK (AP)—Baritone Robert Merrill added a touch to the role of Count di Luna in the Metropolitan Opera Company's production of "Il Trovatore."

He hobbled about the stage with the aid of a cane. Merrill injured a knee Tuesday when he slipped once and fell outside his home in New Rochelle, N.Y.

U of Chicago Reports on New Program

CHICAGO (AP)—Three years ago officials at the University of Chicago threw away the rule book on admission policies for big-time schools and began going after youngsters from the hinterlands.

The university, a highly selective school with a student body of large city complexion, embarked on its now successful small school talent search — a program aimed at recruiting outstanding students from small high schools in 11 midwest states.

One of the students enrolled at the start of the program was Gerald Eck of Portage, Wis., now a senior.

The freshman year, Eck said today was "sheer hell."

"I had never been away from home before and I had a very unsympathetic roommate from New York," he said.

"In order to stay in school that first year, I had to drop a chemistry course. But now my average is B and I plan to go after Ph.D. in archeology."

"I guess I didn't learn very much in high school," he said, "although I was an A student."

"I was just floored when I came to the university, but I learned how to study. And, in fact, I'm still learning."

\$226,587 Low On Eau Galle Flood Project

SPRING VALLEY, Wis.—Low bidder on the first part of a \$10 million Eau Galle River flood control project is Sheehy Bridge Construction Co., St. Paul, with an offer of \$226,587.

The Corps of Engineers, which opened bids in St. Paul recently, anticipated the firm would begin work at once.

The village of Spring Valley will spend \$10,700 to acquire land and about \$7,500 to lower sewer and water mains crossing Mines Creek. Changes on the creek are the first portion of a federal project aimed at preventing a repetition of 1942 when water rose to first floor levels in most business buildings.

Pierce County is to remove a bridge here as soon as mains are lowered. Another bridge, costing about \$30,000, is to be finished by May 1.

Surveying for a main dam is to be completed in five weeks. The 98-foot earthen structure will permit water to trickle into Mines Creek at a slow pace and then merge with the Eau Galle River.

There were 14 bidders on the first section of the project. Among them were Tri-State Construction Co., Alma, and F. H. F. Radandt and L. G. Arnold, Eau Claire.

Mrs. Oswald Will Appear For Probers

DALLAS, Tex. (AP)—Mrs. Marina Oswald will be available to appear before the presidential committee investigating the assassination of President John F. Kennedy, her attorney, John M. Thorne, says.

"We feel it is in the national interest," Thorne said Thursday night.

He said J. B. Rankin, chief counsel for the committee, had inquired as to Mrs. Oswald's availability.

Thorne said it was his understanding that Mrs. Oswald, 22, would appear before the committee in either Dallas or Washington but that no date had been set.

The widow of Lee Harvey Oswald and her two small daughters are living at an undisclosed residence in the Dallas — Fort Worth area under protection of the Secret Service.

Weather Reporter Sues for \$25,000

CHICAGO (AP)—Mrs. Budde Marino, Milwaukee television and radio performer under the name of Judy Marsk, filed suit in U.S. District Court Thursday asking \$25,000 damages from Northwest Orient Airlines Inc. for alleged injury to her hearing.

Mrs. Marino, who appears as a weather reporter for WTMJ and WTMJ-TV, charged she suffered a loss of hearing as the result of a sudden depressurization of a Northwest airliner on a flight from New York to Chicago in January of 1962.

She claimed failure of the cabin pressurization equipment was the result of negligence.

Kennedy Group At Aspen, Colo.

ASPEN, Colo. (AP)—A large contingent of the Kennedy family, led by U.S. Atty. Gen. Robert F. Kennedy and his brother, Edward, Democratic senator from Massachusetts, are in Aspen, Colo., for a week's skiing. The group plans to stay in Aspen until New Year's Day.

West Berliners Decorate Graves In East Germany

BERLIN (AP)—Many West Berliners crossing through the Communist wall for the first time in 28 months are spending part of their precious visits decorating graves in East Berlin.

"It's the first chance they've had since the wall went up," said the manager of one cemetery.

"For many," he said, "it's also the first time they have ever visited their mother's or father's grave if the parent died after the wall was built."

"If this happened, they couldn't even attend the funeral."

The manager pointed out that fresh wreaths on graves were being covered by steadily falling snow.

At the Sophien Cemetery, whose Western wall forms part of the barricade cutting Berlin in two, wreaths were leaned up against the wall, facing the West. Each bore the name of someone buried behind the soot-covered Red brick wall.

"Those were put there by West Berliners who for some reason can't get into East Berlin during the holiday season," said a West Berlin policeman.

Truman Wants Kennedy Memorial In Washington

NEW YORK (AP)—Former President Harry S. Truman says that after the assassination of President Kennedy "Americans wanted to name everything in his honor, but after things settle down, we'll get the right memorial in the right place — and that will be in Washington."

Truman also told newsmen Kennedy "will have a good reputation when history is written."

The ex-president and his wife are spending the holidays in New York with their daughter, Mrs. Clifton Daniel.

Prince Loses Damage Suit

LOS ANGELES (AP)—Iranian Prince Emul Shokohi, 28, has lost a \$20,000 damage suit against Phi Sigma Kappa for injuries he claimed he suffered as a pledge.

Shokohi said he suffered permanent arm and back injuries and other indignities in 1959 during hazing. But Superior Court ruled in favor of the fraternity.

The fraternity chapter, at the University of Southern California, contended Shokohi was bitter because he was not accepted for membership.

Lindbergh's Daughter Wed

PERIGUEUX, France (AP)—The pretty daughter of American aviation pioneer Charles A. Lindbergh was honeymooning today in the south of France with her French bridegroom.

Anne Spencer Lindbergh, 23, and Julien-Jacques Feyd, 22, were married Monday at Douzillac, a French village.

Witnesses for the civil wedding were the bride's brother, Scott Lindbergh, 21, and Dr. Julien Rouard of Paris. Lindbergh and his wife, writer Anne Morrow Lindbergh, were present.
